Avon Hall

The main auditorium has a seating capacity of 794, with 495 seats at ground level and 299 in the balcony. As the ground level is a flat floor with removable seats the Avon Hall is extremely versatile. The Avon Hall will accommodate events such as Concerts, Conferences, Exhibitions, Meetings, fashion Shows, Fairs, Dances, Wedding Receptions and Banquets.

The Avon Hall is fully equipped for multi purpose use and includes stage and facilities: flying lighting and sound systems, and multimedia and 35mm slide projection. Professional and trained staff are on hand to give advice and assistance to ensure that any event is a success.

Newbold Hall

This intimate lecture theatre, which is also the venue of the Royal Cinema, can accommodate 203 + 2/3 u/c people and is an ideal venue for conferences, seminars, public meetings, demonstrations and more. The raked seating allows everyone good visibility.

The Newbold Hall is equipped with a 35mm film projector housed in the adjacent projection room, and can also be set up for slide projection, overhead projection and multimedia facilities.

Jephson Room & Licensed Bar

This versatile room is available for public meetings for up to 50 people, boardroom style meetings and small sales and exhibitions. The Jephson Room can be used as an ancillary room to larger conferences, or as a reception room for specially invited guests.

A licenced bar is situated on the first floor overlooking Royal Leamington Spa's award winning Jephson Gardens. The bar is available to users of both Avon and Newbold Halls. It is a lovely area for delegates to enjoy a hot or cold buffet lunch or for patrons to enjoy an interval drink. A further licenced bar is available on the ground floor.

A coffee bar serving hot drinks, sweets and light snacks is situated on both the ground floor and the first floor.
