We also have a presentation on road safety & drink/drug driving.

Which community forum priority does the project link to?	Anti-social behaviour	
How do you know there is a need for this project? (Describe the evidence you have got and where you got it from.)	The aim is to keep youth off the street and give them something positive to focus on. This will be the 4 th project we have run. Previous courses have shown a very good success rate.	
List any groups or agencies who are involved in the project with you.	Warwickshire Police, WDC, Local Mechanic	
If you are applying, or have applied successfully, for other funding for this project please tell us where from, and how much.	We have applied for £1000 from North & Whitnash Forums and £3500 from the Town centre forum. These have all been approved in principle by the panels and paperwork has been forwarded to the Council.	
What proof will there be of whether the project has been successful? (We will need to check that money has been well spent. To do this we will need to see proof that the project has delivered the things it set out to do. Success must take a form that we can measure.)	<p>One of the main aims of the project is to guide these youths away from ASB and to give them self-confidence. This is hard to measure however we will look at re-offending/coming to Police notice and any future career path/goals the youths focus on.</p> <p>To date out of the 16 youths that have completed the course only one has continued to come to Police notice.</p>	
Are you a constituted group?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
