Site Ref	W02	Site Name	2-22 Northgate Street, Northgate South & The Butts
Site Size (Hectares)	0.54	Settlement	Warwick
Source	SHLAA 08	Land Type	Previously developed
Adjacent/Overlapping Site			

Suitability for Housing						
Location	Town centre					
Policy Restrictions	Town Centre Employment Area Protecting Employment Land and Buildings					
Physical Constraints	Highly sensitive location - 2-22 Northgate Street (original buildings) are all Listed Buildings Grades II and II*. Within an area of Groundwater Vulnerability					
Potential Impacts	Adjacent to Scheduled Ancient Monument (Site of St Mary's College) and Listed Buildings on opposite side of road and on The Butts Within Warwick Conservation Area Adjacent to Grade I Listed St Mary's Church Impact on residential properties on The Butts					
Environmental Conditions	Adjacent to Air Quality Action Area					
Overall Suitability	Potentially suitable, subject to the ability to demonstrate how the benefits to the listed building from a residential use would outweigh the loss of employment land.					
Availability						
Available, owned by County Council. Partly vacant. Could be made available in short term.						
Achievability						
Achievable, although additional costs of converting a listed building may make scheme more marginal in current market.						
Housing Capacity						
Development Mix	Housing	100%	Other Uses

Site Ref	W03	Site Name	Heathcote Sewage Works
Site Size (Hectares)	13.1	Settlement	Warwick
Source	SHLAA 08	Land Type	Previously developed
Adjacent/ Overlapping Site	W07 Heathcote Farm & adjoining area		

Suitability for Housing						
Location	Open Countryside to south of Warwick/Leamington urban area					
Policy Restrictions	Open Countryside					
Physical Constraints	Flood Zones 2 & 3B in southern extremity of site. Disused sewage works. Landfill Site. Extensive remediation required. Sludge deposits on lower part of site Limited access and dependent upon adjoining site to north coming forward. Within an area of medium to high landscape value					
Potential Impacts	None					
Environmental Conditions	Satisfactory, subject to site remediation					
Overall Suitability	Potentially suitable, subject to amendment to open countryside designation, sludge deposit sites being restored for open space (only 50% of site therefore developable) and the development of adjoining land adjacent to the urban area (W07).					
Availability						
Available, subject to adjoining site coming forward for development.						
Achievability						
Achievable with a strong housing market and subject to access and appropriate contributions being made towards improving infrastructure and services.

Site Ref	W07	Site Name	Lower Heathcote Farm & Adjoining Land
Site Size (Hectares)	122.9	Settlement	Warwick
Source	SHLAA 08	Land Type	Greenfield/ Brownfield
Adjacent/ Overlapping Site	L09 Land at Grove Farm; W03 Heathcote Sewage Works; W20 Warwick Gates Employment Land; R32 The Asps, Europa Way; R52 Land at New House Farm		

Suitability for Housing						
Location	Adjacent to Warwick/Leamington urban area					
Policy Restrictions	Open Countryside					
Physical Constraints	Site includes disused sewage works. Landfill Site. Sludge deposits on lower part of site. Likely to require extensive remediation. Southern extremity of site in Flood Zone 3B and part of western section in Flood Zone 2 & 3A. The N & NW parts of site are classified as Grade 2 Agricultural Land					
Potential Impacts	Impact on open countryside in an area of medium/high landscape value. Development on ridge would impact on open views from south Loss of some Grade 2 Agricultural Land					
Environmental Conditions	Satisfactory, subject to site remediation.					
Overall Suitability	Potentially suitable, subject to amendment to open countryside boundary, site remediation in area of sewage works and significant open buffer to southern fringe within flood zone, to form a natural boundary to development, possibly in public ownership.					
Availability						
Available, landowners have expressed willingness to release the land for mixed use development.						
Achievability						
Achievable, although the scale of development will require significant contributions towards improved infrastructure and services, including transport, education and health, and parks and open spaces. This may require third party land and the agreement of statutory bodies. Employment areas may also be required to provide the opportunity for people to live and work in close proximity.

Suitability for Housing						
Location	Adjacent to Warwick/Leamington urban area					
Policy Restrictions	Area of Restraint					
Physical Constraints	Overhead power lines 33kV and 132kV Minerals Consultation Area					
Potential Impacts	Impact on Heathcote Hill Farmhouse (Grade II Listed Building) to south west site Loss of Grade 2 Agricultural Land					
Environmental Conditions	Satisfactory					
Overall Suitability	Potentially suitable, subject to amendment to Area of Restraint boundary and as part of comprehensive development with land to the north.					
Availability						
Landowner has expressed willingness to release site for mixed use development						
Achievability						
This site is understood to be achievable within a strong housing market and subject to appropriate contributions being made towards improving infrastructure and services.

Site Size (Hectares)	21.53	Settlement	Warwick
Source	SHLAA 08	Land Type	Greenfield
Adjacent/ Overlapping Site	W10 Land South of Gallows Hill; W27 The Asps		

Suitability for Housing						
Location	Open countryside and not adjacent to built up area					
Policy Restrictions	Open Countryside					
Physical Constraints	Small section of Flood Zones 2 and 3A to south of site. Overhead power lines 33kV and 132kV traverse the site. The site is classified as ALC Grade 2					
Potential Impacts	Impact on nearby Warwick Castle Registered Park and Garden of Special Historic Interest to the west of site. Impact on Potential SINC to south of site (New Waters & Nursery Wood) Impact on area of high landscape value Loss of Grade 2 Agricultural Land					
Environmental Conditions	Landfill to south of site – land remediation may be required					
Overall Suitability	Potentially suitable, subject to mitigation of impact on historic park and open countryside within an area of high landscape value.					
Availability						
Site promoter has expressed willingness to bring the site forward for development						
Achievability						
Achievable within a strong housing market and subject to appropriate contributions being made towards improving infrastructure and services.						
Housing Capacity

Site Size (Hectares)	58.73	Settlement	Warwick
Source	SHLAA 08	Land Type	Greenfield
Adjacent/ Overlapping Site	W26 Gallows Hill/ Europa Way		

Suitability for Housing						
Location	Open countryside and not adjacent to built up area					
Policy Restrictions	Open countryside					
Physical Constraints	Overhead power lines 33kV and 132kV traverse the site. Site slopes upwards towards south/southeast					
Potential Impacts	Impact on Warwick Castle Registered Park and Gardens of Special Historic Interest Impact on New Waters and Nursery Wood potential SINC adjacent to northern boundary Impact on The Aspens Grade II Listed Building to west of site.					
Environmental Conditions	Landfill to north of site – land remediation may be required					
Overall Suitability	Potentially suitable, subject to mitigation of impact on setting of Warwick Castle Park and impact on open countryside in area of high landscape value					
Availability						
Owner has expressed willingness to release site for development						
Achievability						
Achievable although the scale of development will require significant contributions towards improved infrastructure and services, including transport, education, health and parks and open spaces. This may require third party land and the agreement of statutory bodies. Employment areas may also be required to provide the opportunity for people to live and work in close proximity.

Site Ref	W33	Site Name	Confidential Site
Site Size (Hectares)	22.38	Settlement	Warwick
Source	SHLAA11	Land Type	Both
Adjacent/ Overlapping Site			

Suitability for Housing						
Location	Edge of Warwick urban area					
Policy Restrictions	Green Belt Protecting Registered Parks & Gardens					
Physical Constraints	<p>Western part of site is within Registered Park & Garden Eastern part of site in Flood Zones 2, 3A & 3B. North eastern part of site within Water Source Protection Area and area of Groundwater Vulnerability Minerals Safeguarding Area. The topography of the valley results in noise being able to travel easily down its length and also has the potential to easily trap smoke or fumes from combustion processes. Some contamination in south east corner of site High voltage ETL traverses the middle section of the site. Area of High Landscape Value</p>					
Potential Impacts	Development of northern part of site could potentially impact on a number of features of acknowledged importance - Scheduled Ancient Monument, Listed Buildings, SSSI, Local Wildlife Site, Local Geological Site and a number of protected trees within the Registered Park & Garden					
Environmental Conditions	Not satisfactory – liable to flood in parts					
Overall Suitability	Not suitable – loss of Registered Park & Garden, part of site liable to flood and impact on site of Scheduled Ancient Monument					
Availability						
Site still in use but landowner has expressed interest in making the site available for development						
Achievability						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph	
Timeframe (in terms of practicality only)	2014/19		2019/24		2024/29	

Site Ref	W34	Site Name	Confidential Site
Site Size (Hectares)	0.53	Settlement	Warwick
Source	SHLAA11	Land Type	Previously Developed Land
Adjacent/Overlapping Site			

Suitability for Housing						
Location	Warwick Urban Area					
Policy Restrictions	Protecting Employment Land and Buildings.					
Physical Constraints	Highway is narrow at this point. Potential land contamination to the north of the site. Within an area of Groundwater Vulnerability					
Potential Impacts	Adjacent to Local Plan employment land allocation – residential development could potential constrain future use of this site.					
Environmental Conditions	Potentially surrounded on north and east sides by industrial uses – potential sources of noise pollution					
Overall Suitability	Not suitable – employment area and possible impact on nature of employment use on adjacent allocated employment land.					
Availability						
Landowner has expressed interest in bringing the site forward for development						
Achievability						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph	
Timeframe (in terms of practicality only)	2014/19		2019/24		2024/29	

Site Ref	W35	Site Name	Land west of Warwick Racecourse
Site Size (Hectares)	14.06	Settlement	Warwick
Source	SHLAA11	Land Type	Greenfield Land
Adjacent/ Overlapping Site			

Suitability for Housing						
Location	Edge of Warwick Urban Area					
Policy Restrictions	Area of Restraint					
Physical Constraints	Part of racecourse track and public footpath traverse the site					
Potential Impacts						
Environmental Conditions	Noise from A46					
Overall Suitability	Potentially suitable subject to willing landowner and relocation of racecourse track					
Availability						
Not currently available. The Racecourse track is essential to the operation of the racecourse so availability is not likely to be realised.						
Achievability						
Not likely						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph
