

# Strategic Housing Land Availability Assessment

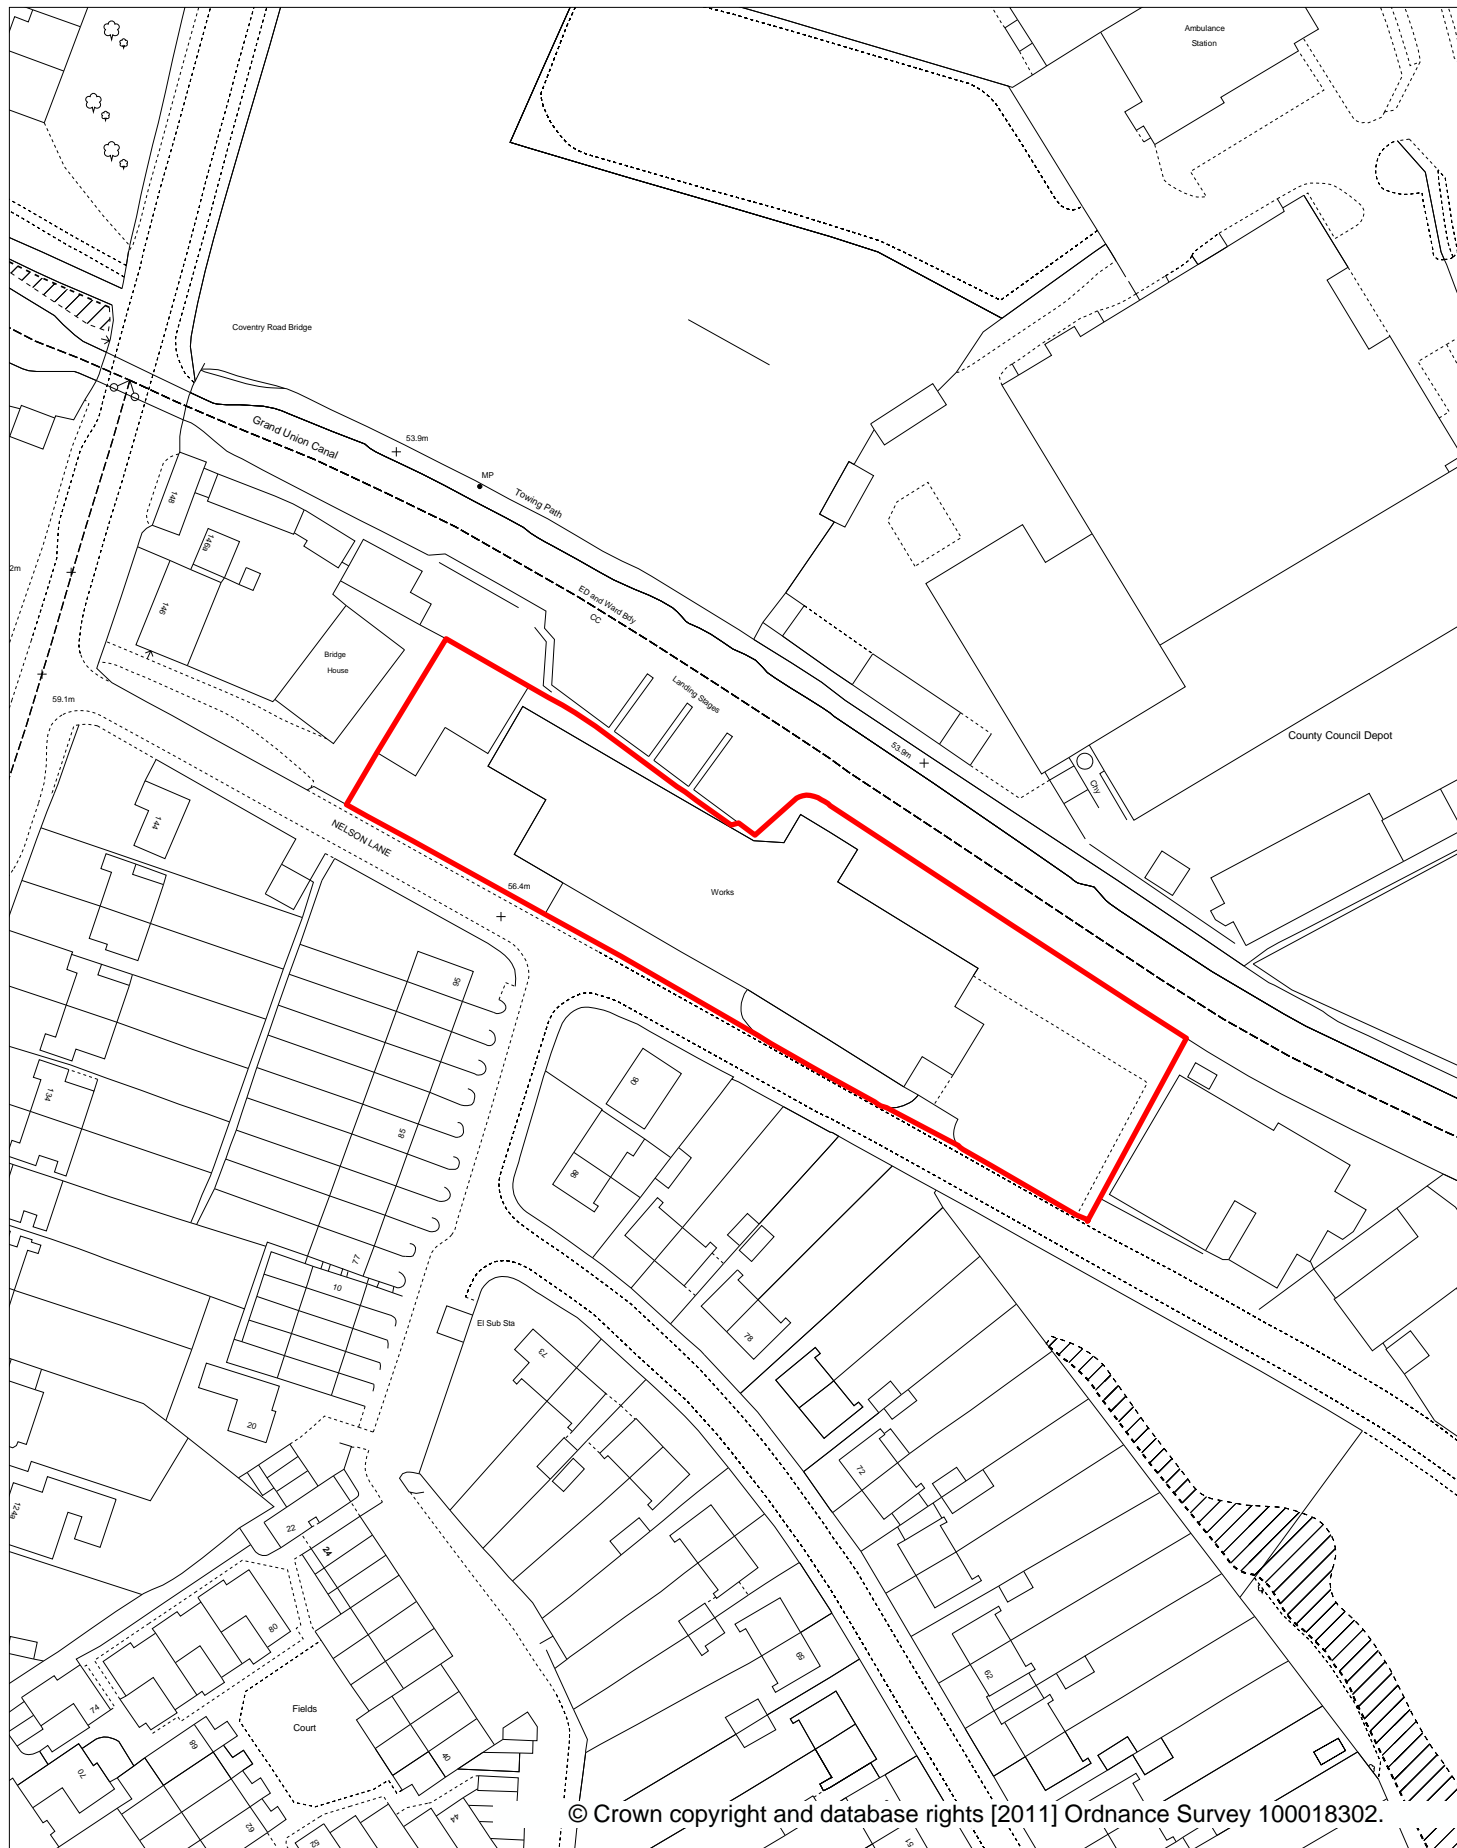

## Site Assessments: Warwick

May 2014

<b>Site Ref</b>	W01	<b>Site Name</b>	Tamlea Building
<b>Site Size (Hectares)</b>	0.47	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA08	<b>Land Type</b>	Previously developed
<b>Adjacent/Overlapping Site</b>			

Suitability for Housing						
Location	Built up area					
Policy Restrictions	Protecting Employment Land and Buildings					
Physical Constraints	Site configuration may limit capacity. Potential contamination. Within an area of Groundwater Vulnerability					
Potential Impacts	Impact on operations on adjoining employment uses Adjacent Grand Union Canal is a Potential SINC					
Environmental Conditions	Adjacent to potential noise and air pollution from employment uses.					
Overall Suitability	Not suitable due to environmental conditions in area of existing employment uses					
Availability						
Owner has expressed willingness to release land for development within two years.						
Achievability						
Housing Capacity						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph	
Timeframe (in terms of practicality only)	2014/19		2019/24		2024/29

<b>Site Ref</b>	W03	<b>Site Name</b>	Heathcote Sewage Works
<b>Site Size (Hectares)</b>	13.1	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 08	<b>Land Type</b>	Previously developed
<b>Adjacent/ Overlapping Site</b>	W07 Heathcote Farm & adjoining area		

Suitability for Housing						
Location	Open Countryside to south of Warwick/Leamington urban area					
Policy Restrictions	Open Countryside					
Physical Constraints	Flood Zones 2 & 3B in southern extremity of site. Disused sewage works. Landfill Site. Extensive remediation required. Sludge deposits on lower part of site Limited access and dependent upon adjoining site to north coming forward. Within an area of medium to high landscape value					
Potential Impacts	None					
Environmental Conditions	Satisfactory, subject to site remediation					
Overall Suitability	Potentially suitable, subject to amendment to open countryside designation, sludge deposit sites being restored for open space (only 50% of site therefore developable) and the development of adjoining land adjacent to the urban area (W07).					
Availability						
Available, subject to adjoining site coming forward for development.						
Achievability						
Achievable with a strong housing market and subject to access and appropriate contributions being made towards improving infrastructure and services.						
Housing Capacity						
Development Mix	Housing	50%	Other Uses	50%		
Potential Capacity	30dph	196	40dph	262	50dph	327

<b>Site Ref</b>	W04	<b>Site Name</b>	IBM Car Park, Birmingham Road
<b>Site Size (Hectares)</b>	4.35	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 08	<b>Land Type</b>	Previously developed
<b>Adjacent/ Overlapping Site</b>			

Suitability for Housing						
Location	Urban Area					
Policy Restrictions	Protecting Employment Land and Buildings					
Physical Constraints	Access Proximity to cemetery – potential ground contamination Some protected trees throughout the site					
Potential Impacts	None					
Environmental Conditions	Employment land to rear of site. Noise and air pollution from A46 to west.					
Overall Suitability	Potentially suitable, subject to the site not being required to be retained as employment land and subject to provision of a buffer to the A46.					
Availability						
Available, owner has expressed willingness to release land for development						
Achievability						
This site is believed to be achievable within a strong housing market and subject to appropriate contributions being made towards improving infrastructure and services.						
Housing Capacity						
Development Mix	Housing	67%	Other Uses	33%		
Potential Capacity	30dph	87	40dph	117	50dph	146

## W06 Land at Stratford Road

### LOCATION PLAN

Scale:  
1:2500

Drawn By:  
DR

Date:  
24 May 2012

Grid Reference:  
427548 E, 263442 N

North:

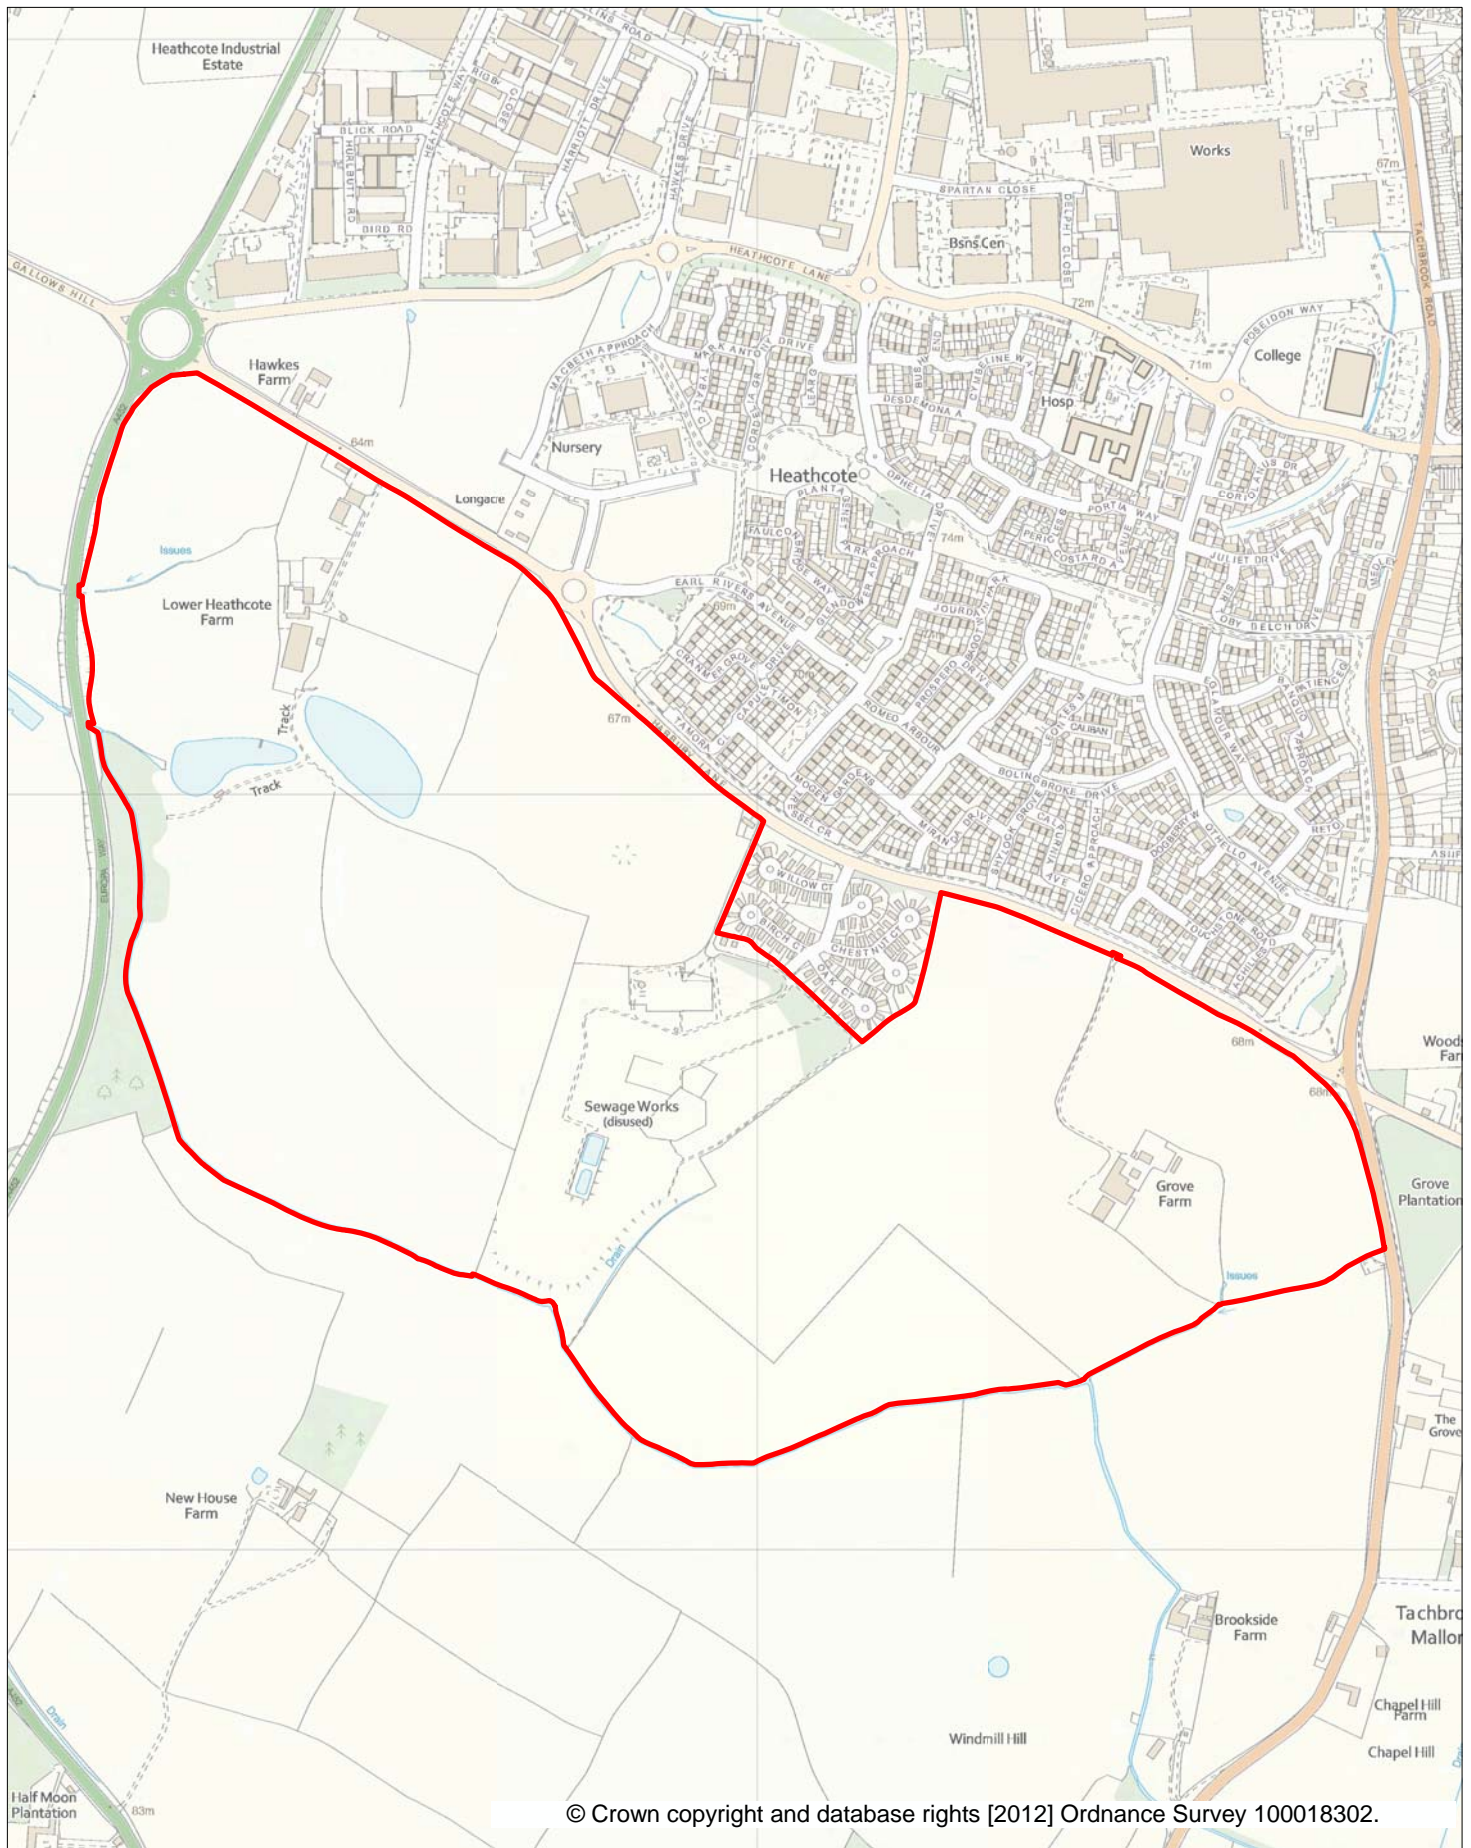

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.  
Telephone: (01926) 450000. Facsimile: (01926) 456542.

<b>Site Ref</b>	W07	<b>Site Name</b>	Lower Heathcote Farm & Adjoining Land
<b>Site Size (Hectares)</b>	122.9	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 08	<b>Land Type</b>	Greenfield/ Brownfield
<b>Adjacent/ Overlapping Site</b>	L09 Land at Grove Farm; W03 Heathcote Sewage Works; W20 Warwick Gates Employment Land; R32 The Asps, Europa Way; R52 Land at New House Farm		

Suitability for Housing						
Location	Adjacent to Warwick/Leamington urban area					
Policy Restrictions	Open Countryside					
Physical Constraints	Site includes disused sewage works. Landfill Site. Sludge deposits on lower part of site. Likely to require extensive remediation. Southern extremity of site in Flood Zone 3B and part of western section in Flood Zone 2 & 3A. The N & NW parts of site are classified as Grade 2 Agricultural Land					
Potential Impacts	Impact on open countryside in an area of medium/high landscape value. Development on ridge would impact on open views from south Loss of some Grade 2 Agricultural Land					
Environmental Conditions	Satisfactory, subject to site remediation.					
Overall Suitability	Potentially suitable, subject to amendment to open countryside boundary, site remediation in area of sewage works and significant open buffer to southern fringe within flood zone, to form a natural boundary to development, possibly in public ownership.					
Availability						
Available, landowners have expressed willingness to release the land for mixed use development.						
Achievability						
Achievable, although the scale of development will require significant contributions towards improved infrastructure and services, including transport, education and health, and parks and open spaces. This may require third party land and the agreement of statutory bodies. Employment areas may also be required to provide the opportunity for people to live and work in close proximity.						
Housing Capacity						
Development Mix	Housing	50%	Other Uses	50%		
Potential Capacity	30dph	1,843	40dph	2,458	50dph	3,072
Timeframe (in terms of practicality only)	2014/19	200	2019/24	750	2024/29 & beyond	1,200

<b>Site Ref</b>	W10	<b>Site Name</b>	Land South of Gallows Hill
<b>Site Size (Hectares)</b>	14.9	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 08	<b>Land Type</b>	Greenfield
<b>Adjacent/Overlapping Site</b>	R26 Gallows Hill/ Europa Way		

Suitability for Housing						
Location	Adjacent to Warwick urban area					
Policy Restrictions	Open Countryside					
Physical Constraints	Configuration of site					
Potential Impacts	Impact on settings of nearby Warwick Castle and the associated Registered Park and Garden of Special Historic Interest to the south, both Grade I assets. Impact on the approach to the “defensible” town of Warwick including the Conservation Area and several Grade I & II buildings Impact on Potential SINC to south of site (New Waters & Nursery Wood). Impact on area of high landscape value Loss of Grade 2 Agricultural Land.					
Environmental Conditions	Landfill to south of site – land remediation may be required					
Overall Suitability	Not suitable – study on “The Setting of Heritage Assets” (Feb 2014) concludes that the site should not be developed as the impact upon the setting of the highly significant assets, although less than substantial harm, could not be fully mitigated such that harm would still be apparent to significant historic assets					
Availability						
Owners have expressed willingness to release site for mixed use development						
Achievability						
Housing Capacity						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph

## W25 Nelson Club Car Park

### LOCATION PLAN

Scale:  
1:500

Drawn By:  
CP

Date:  
21 October 2011

Grid Reference:  
429476 E, 265583 N

North:

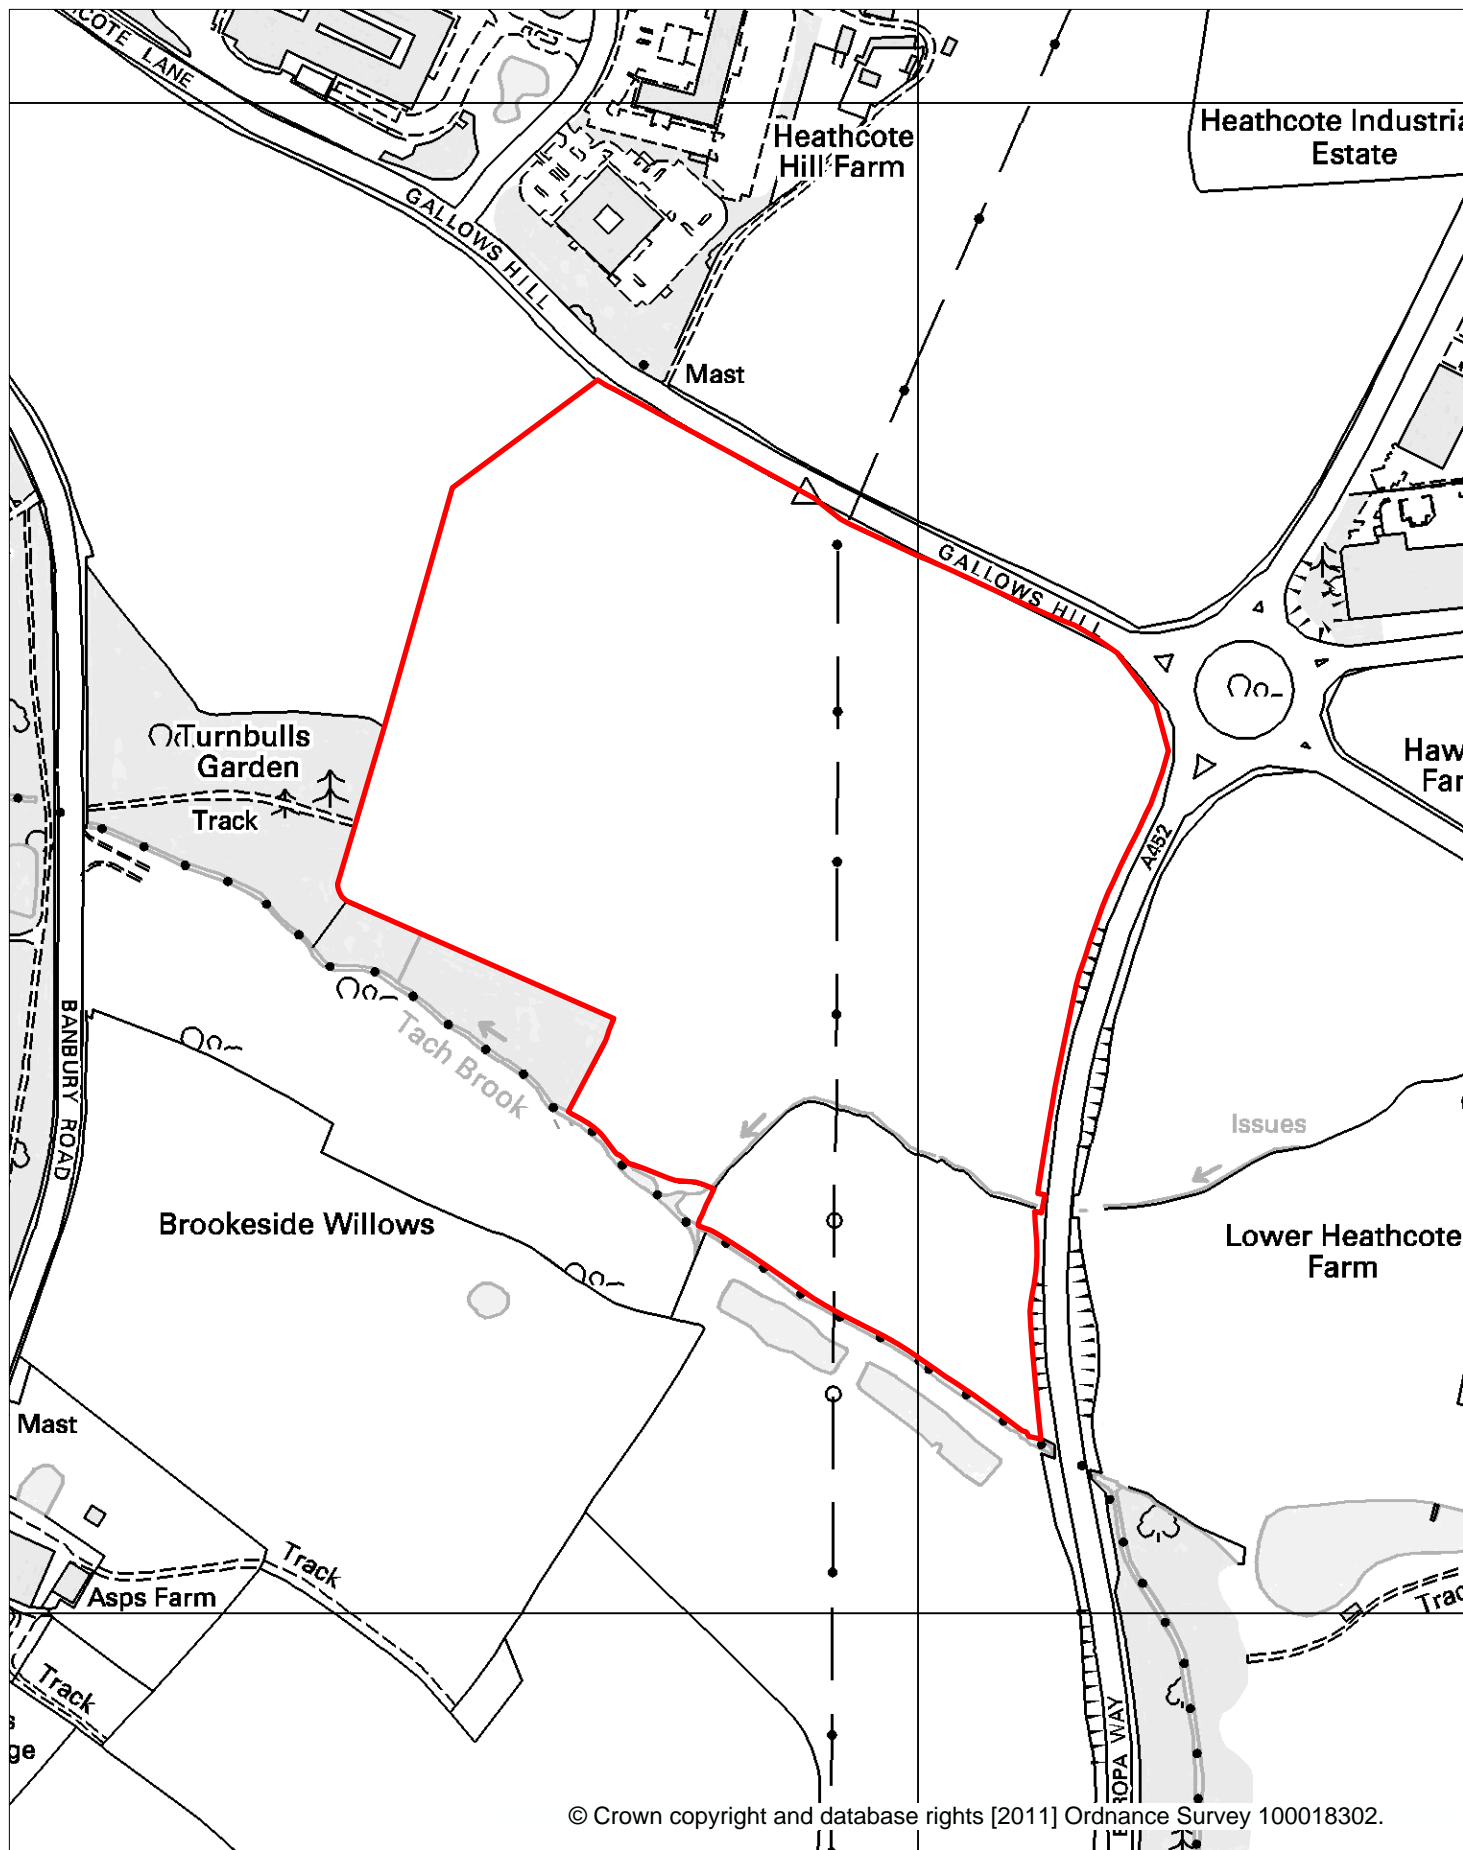

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.  
Telephone: (01926) 450000. Facsimile: (01926) 456542.

<b>Site Ref</b>	W26	<b>Site Name</b>	Gallows Hill/ Europa Way
<b>Site Size (Hectares)</b>	21.53	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 08	<b>Land Type</b>	Greenfield
<b>Adjacent/ Overlapping Site</b>	W10 Land South of Gallows Hill; W27 The Asps		

Suitability for Housing						
Location	Open countryside and not adjacent to built up area					
Policy Restrictions	Open Countryside					
Physical Constraints	Small section of Flood Zones 2 and 3A to south of site. Overhead power lines 33kV and 132kV traverse the site. The site is classified as Grade 2 agricultural land					
Potential Impacts	Impact on settings of nearby Warwick Castle and the associated Registered Park and Garden of Special Historic Interest to the south, both Grade I assets. Impact on the approach to the “defensible” town of Warwick including the Conservation Area and several Grade I & II buildings Impact on Potential SINC to south of site (New Waters & Nursery Wood). Impact on area of high landscape value Loss of Grade 2 Agricultural Land.					
Environmental Conditions	Landfill to south of site – land remediation may be required					
Overall Suitability	Not suitable – study on “The Setting of Heritage Assets” (Feb 2014) concludes that the site should not be developed as the impact upon the setting of the highly significant assets, although less than substantial harm, could not be fully mitigated such that harm would still be apparent to significant historic assets					
Availability						
Site promoter has expressed willingness to bring the site forward for development						
Achievability						
Housing Capacity						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph

<b>Site Size (Hectares)</b>	58.73	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 08	<b>Land Type</b>	Greenfield
<b>Adjacent/ Overlapping Site</b>	W26 Gallows Hill/ Europa Way		

Suitability for Housing						
Location	Open countryside and not adjacent to built up area					
Policy Restrictions	Open countryside					
Physical Constraints	Overhead power lines 33kV and 132kV traverse the site. Site slopes upwards towards south/southeast					
Potential Impacts	Impact on Warwick Castle Registered Park and Gardens of Special Historic Interest. Impact on New Waters and Nursery Wood potential SINC adjacent to northern boundary. Impact on The Aspens Grade II Listed Building to west of site. The Asps is considered to be a significant element in the setting of Warwick Castle Park which in turn forms part of the wider experience of Castle Bridge, Warwick Castle, St Nicholas Church and the Warwick Conservation Area					
Environmental Conditions	Landfill to north of site – land remediation may be required					
Overall Suitability	Not suitable. A Study into “The Setting of Heritage Assets” (Feb 2014) concludes that the site should not be developed as the impact upon the setting of the highly significant assets, although less than substantial harm, could not be fully mitigated such that harm would still be apparent to these historic assets					
Availability						
Owner has expressed willingness to release site for development

## W27 The Asps, Europa Way / Banbury Road

### LOCATION PLAN

Scale:  
1:10000

Drawn By:  
CP

Date:  
21 October 2011

Grid Reference:  
429683 E, 262795 N

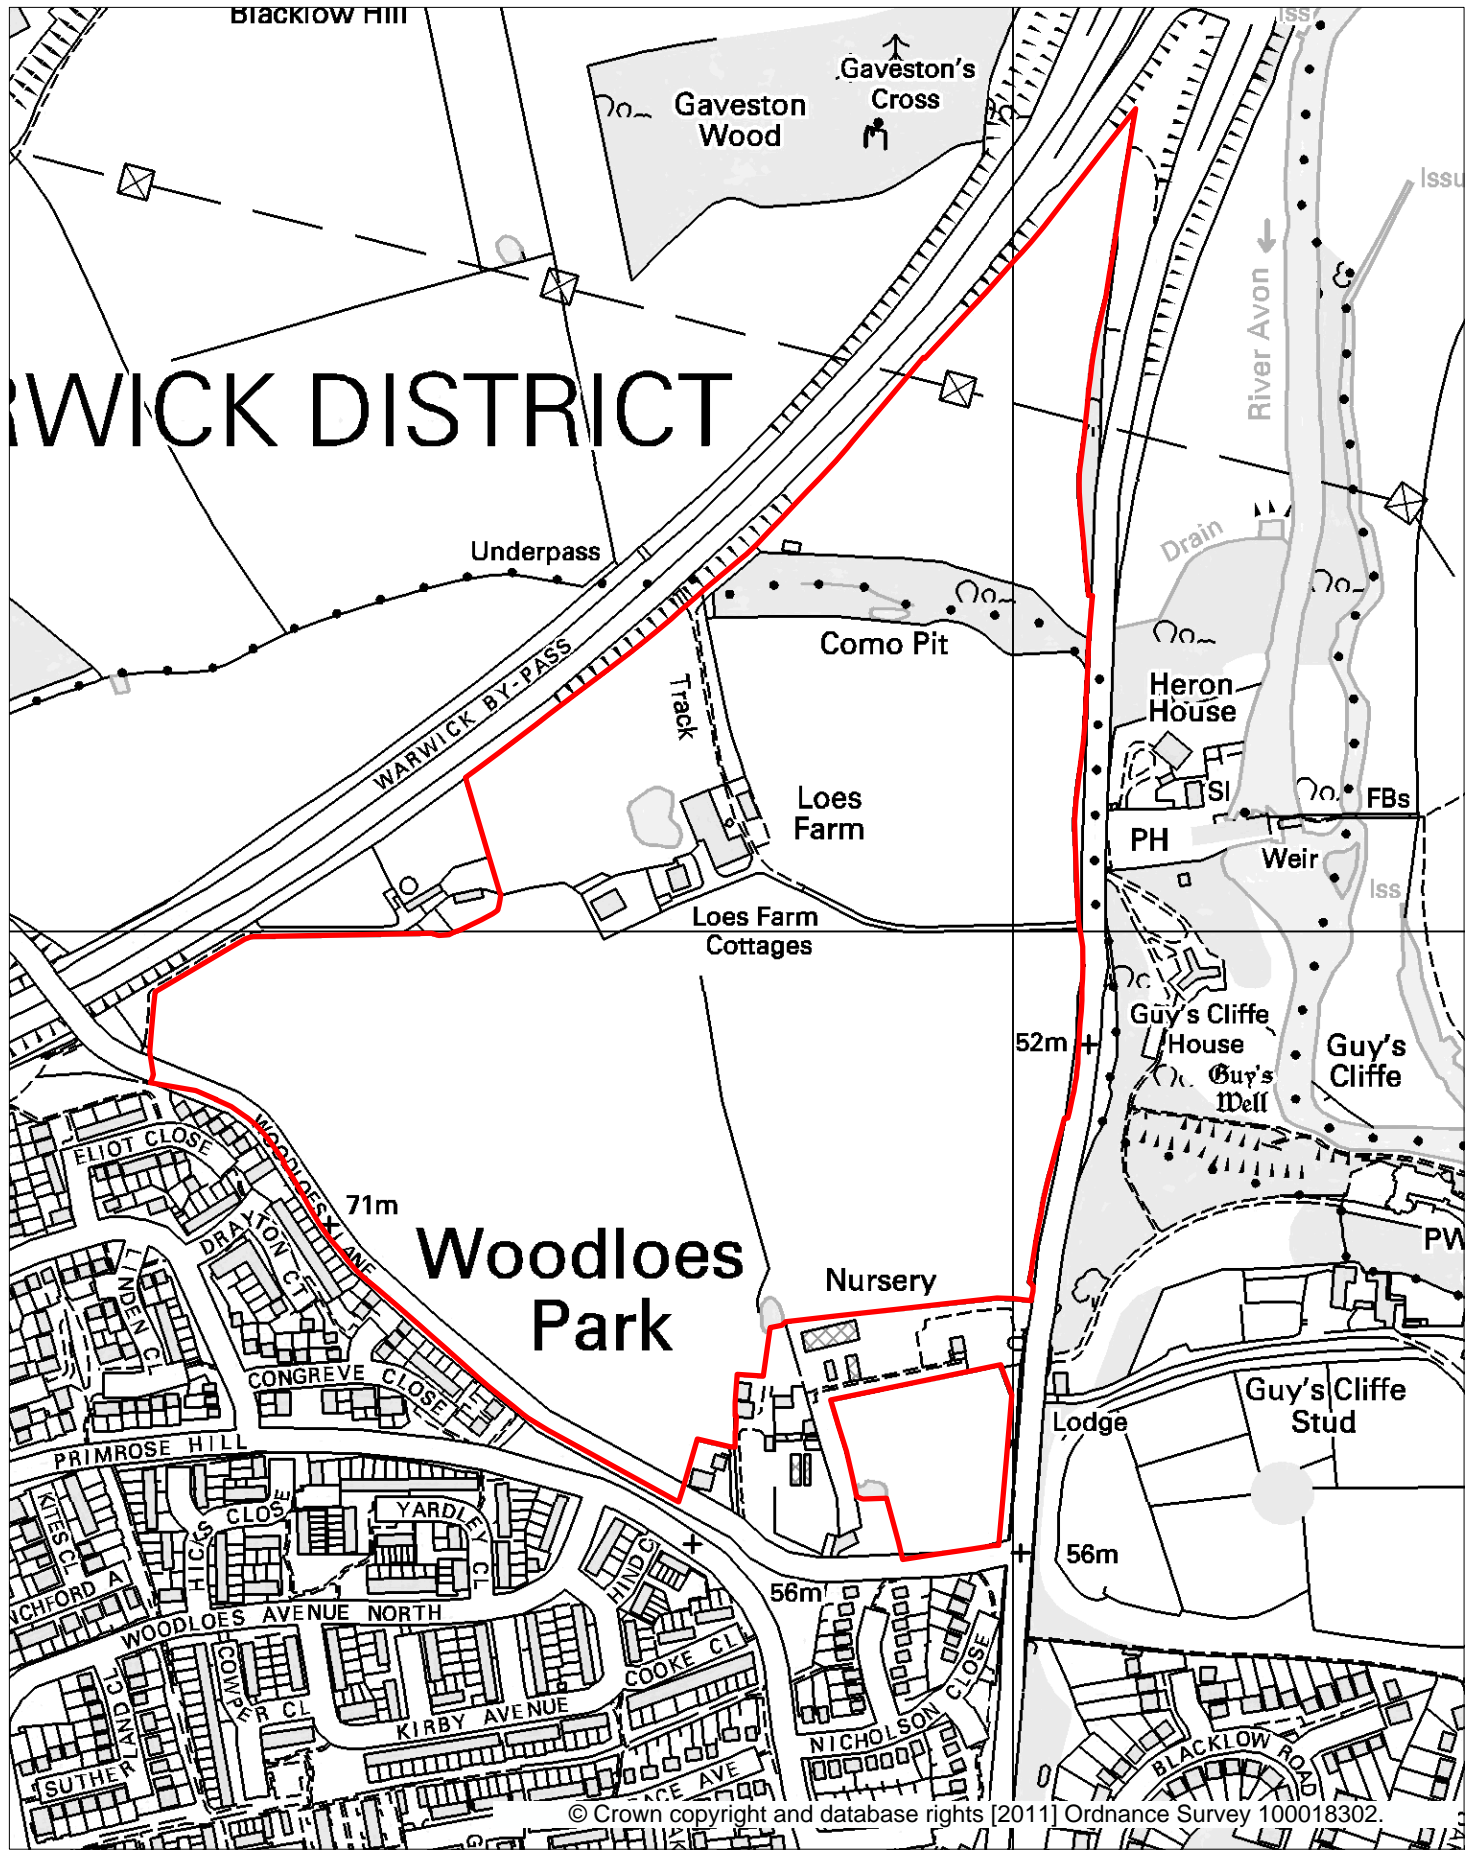

North:

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.  
Telephone: (01926) 450000. Facsimile: (01926) 456542.

<b>Site Ref</b>	W28	<b>Site Name</b>	Loes Farm, Guy's Cliffe
<b>Site Size (Hectares)</b>	28.54	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA11	<b>Land Type</b>	Greenfield
<b>Adjacent/Overlapping Site</b>	W05 Hinton's Nursery		

Suitability for Housing						
Location	Adjacent to Warwick built up area					
Policy Restrictions	Green Belt Protecting Parks & Gardens of Special Historic Interest					
Physical Constraints	The site includes a large area of Guy's Cliffe Park & Garden of Special Historic Interest (approximately 13.5 hectares) which separates the northern and south western parts of the site. A transmission line crosses the northern part of the site. Access to northern triangle (which is separated from the rest of the site by the historic garden) could prove difficult due to visibility. Access to south western part of the site, without impinging on historic park & garden, may require third party land Area of High Landscape Value					
Potential Impacts	Impact on Guy's Cliffe Park & Garden of Special Historic Interest Impact on area of high landscape value					
Environmental Conditions	Noise and air pollution from A46					
Overall Suitability	Suitable in part (approx 7.8 hectares) subject to <ul style="list-style-type: none"><li>• Access</li><li>• Mitigation of impact on Guy's Cliffe Park &amp; Garden of Special Historic Interest</li><li>• Mitigation of impact of noise from A46</li></ul>					
Availability						
Owner has expressed willingness to release land for development						
Achievability						
Achievable within a strong housing market and subject to appropriate contributions being made towards improving infrastructure and services.						
Housing Capacity						
Development Mix	Housing	67%	Other Uses	33%

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.  
Telephone: (01926) 450000. Facsimile: (01926) 456542.

<b>Site Ref</b>	W33	<b>Site Name</b>	Confidential Site
<b>Site Size (Hectares)</b>	22.38	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA11	<b>Land Type</b>	Both
<b>Adjacent/ Overlapping Site</b>			

Suitability for Housing						
Location		Edge of Warwick urban area				
Policy Restrictions		Green Belt Protecting Registered Parks & Gardens				
Physical Constraints		Western part of site is within Registered Park & Garden Eastern part of site in Flood Zones 2, 3A & 3B. North eastern part of site within Water Source Protection Area and area of Groundwater Vulnerability Minerals Safeguarding Area. The topography of the valley results in noise being able to travel easily down its length and also has the potential to easily trap smoke or fumes from combustion processes. Some contamination in south east corner of site High voltage ETL traverses the middle section of the site. Area of High Landscape Value				
Potential Impacts		Development of northern part of site could potentially impact on a number of features of acknowledged importance - Scheduled Ancient Monument, Listed Buildings, SSSI, Local Wildlife Site, Local Geological Site and a number of protected trees within the Registered Park & Garden				
Environmental Conditions		Not satisfactory – liable to flood in parts				
Overall Suitability		Not suitable – loss of Registered Park & Garden, part of site liable to flood and impact on site of Scheduled Ancient Monument				
Availability						
Site still in use but landowner has expressed interest in making the site available for development						
Achievability						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix		Housing		Other Uses		
Potential Capacity		30dph		40dph		50dph
Timeframe (in terms of practicality only)		2014/19		2019/24		2024/29

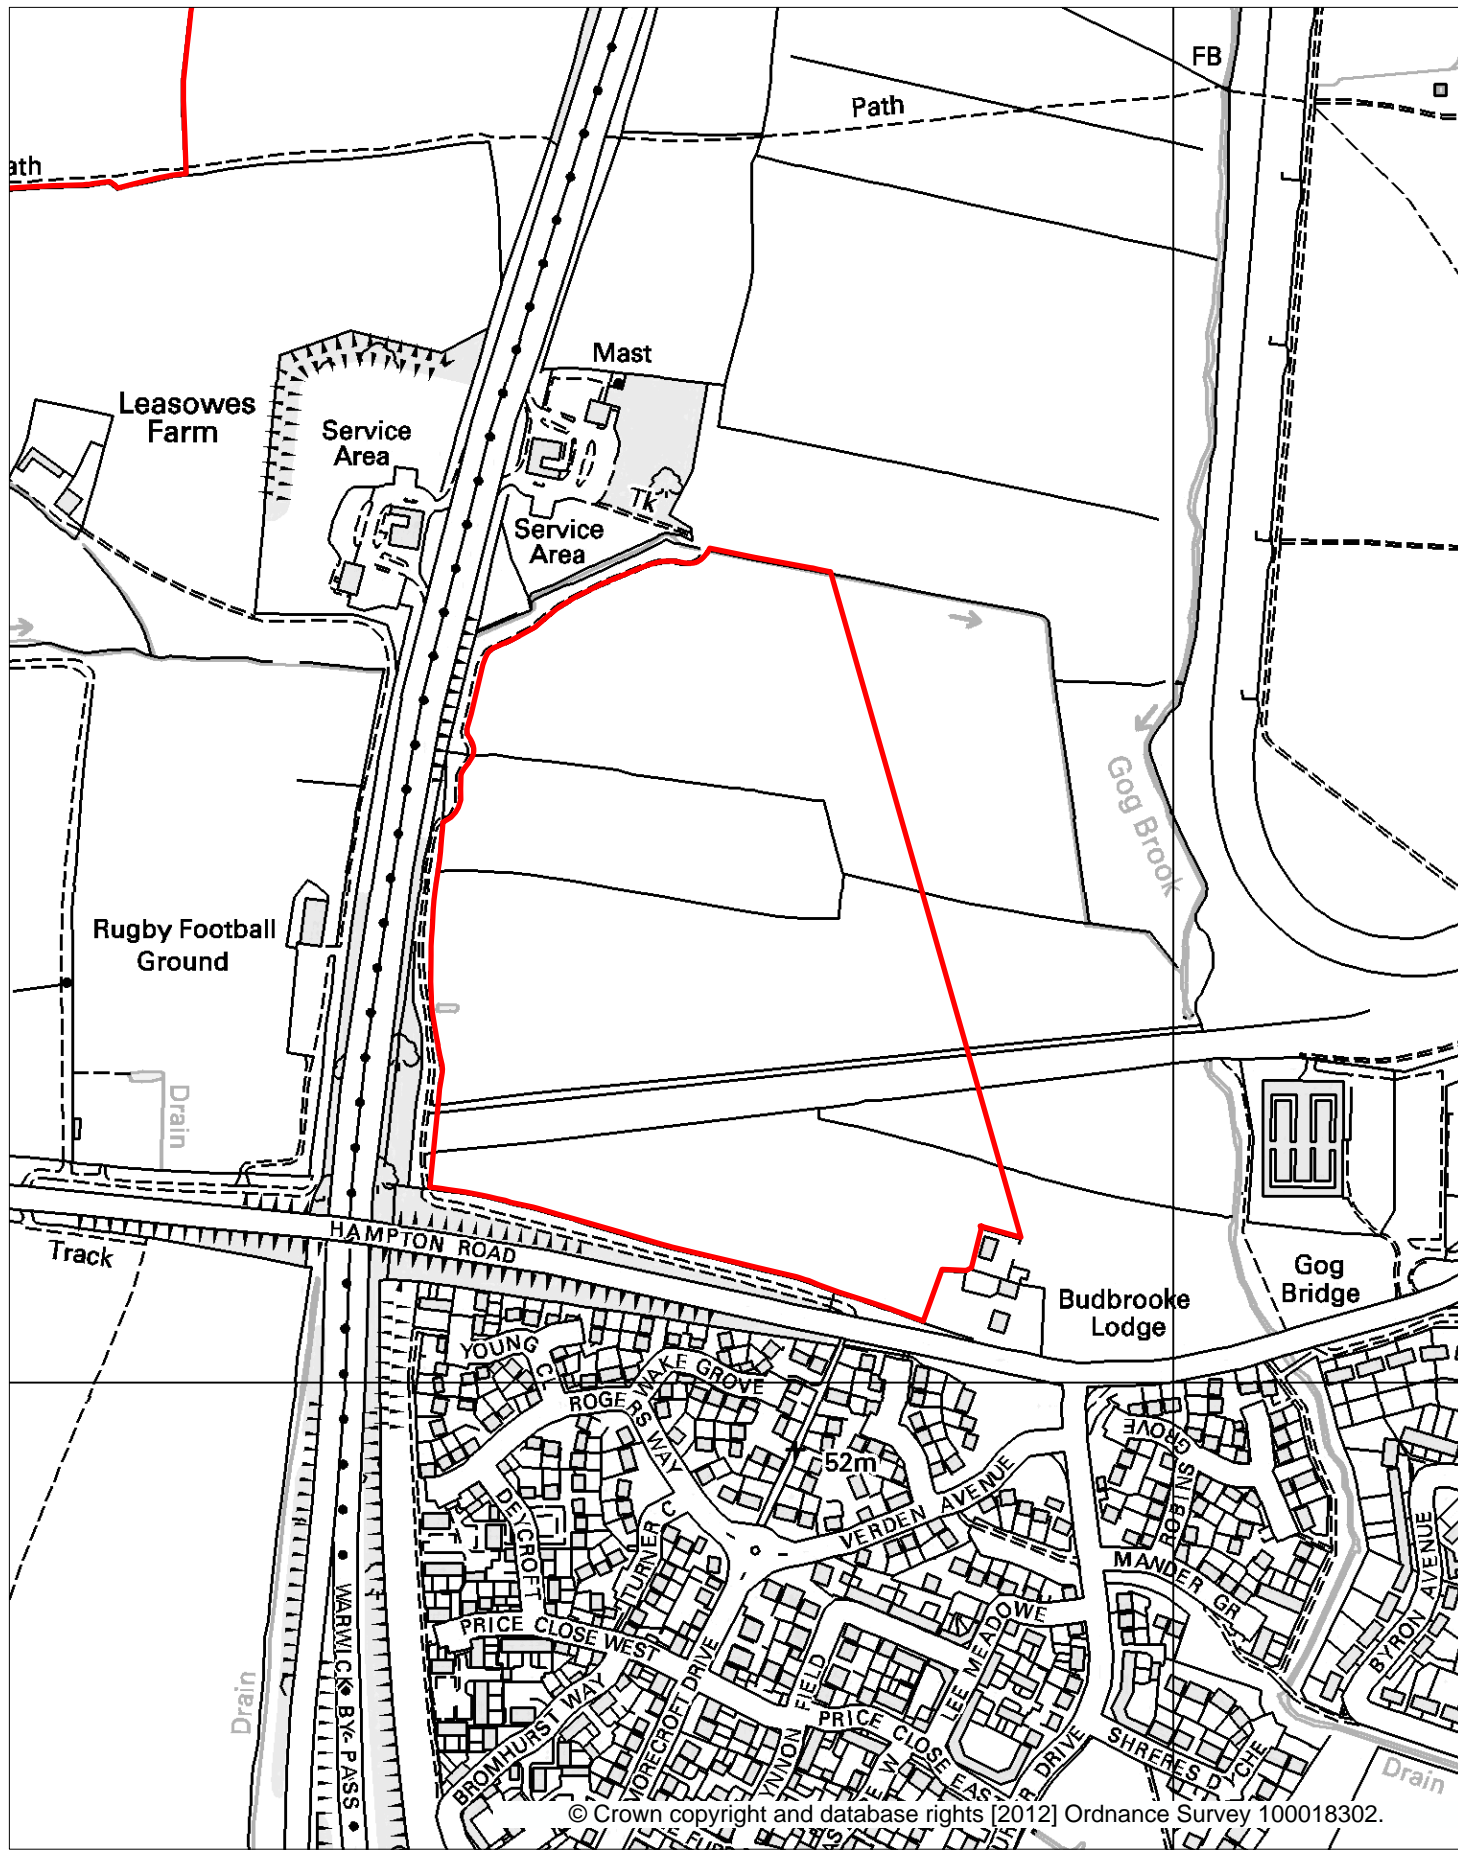

<b>Site Ref</b>	W34	<b>Site Name</b>	Confidential Site
<b>Site Size (Hectares)</b>	0.53	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA11	<b>Land Type</b>	Previously Developed Land
<b>Adjacent/ Overlapping Site</b>			

Suitability for Housing						
Location	Warwick Urban Area					
Policy Restrictions	Protecting Employment Land and Buildings.					
Physical Constraints	Highway is narrow at this point. Potential land contamination to the north of the site. Within an area of Groundwater Vulnerability					
Potential Impacts	Adjacent to Local Plan employment land allocation – residential development could potential constrain future use of this site.					
Environmental Conditions	Potentially surrounded on north and east sides by industrial uses – potential sources of noise pollution					
Overall Suitability	Not suitable – employment area and possible impact on nature of employment use on adjacent allocated employment land.					
Availability						
Landowner has expressed interest in bringing the site forward for development						
Achievability						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph	
Timeframe (in terms of practicality only)	2014/19		2019/24		2024/29	

<b>Site Ref</b>	W35	<b>Site Name</b>	Land west of Warwick Racecourse
<b>Site Size (Hectares)</b>	14.06	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA11	<b>Land Type</b>	Greenfield Land
<b>Adjacent/ Overlapping Site</b>			

Suitability for Housing						
Location	Edge of Warwick Urban Area					
Policy Restrictions	Area of Restraint					
Physical Constraints	Part of racecourse track and public footpath traverse the site. Large sections of site located within flood zone 1.					
Potential Impacts	Loss of racecourse extension would impact on operation of racecourse. Landscape Study 2014 identifies impact on setting of racecourse, views from Warwick and views into warwick including St Mary’s Church spire and Warwick Castle					
Environmental Conditions	Noise from A46					
Overall Suitability	Not suitable – loss of important views and setting of the racecourse					
Availability						
Not currently available. The racecourse track is essential to the operation of the racecourse so availability is not likely to be realised.						
Achievability						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph	
Timeframe (in terms of practicality only)	2014/19		2019/24		2024/29	

## W35 Land west of Warwick Racecourse

### LOCATION PLAN

Scale:  
1:5000

Drawn By:

Date:  
17 May 2012

Grid Reference:  
426710 E, 264300 N

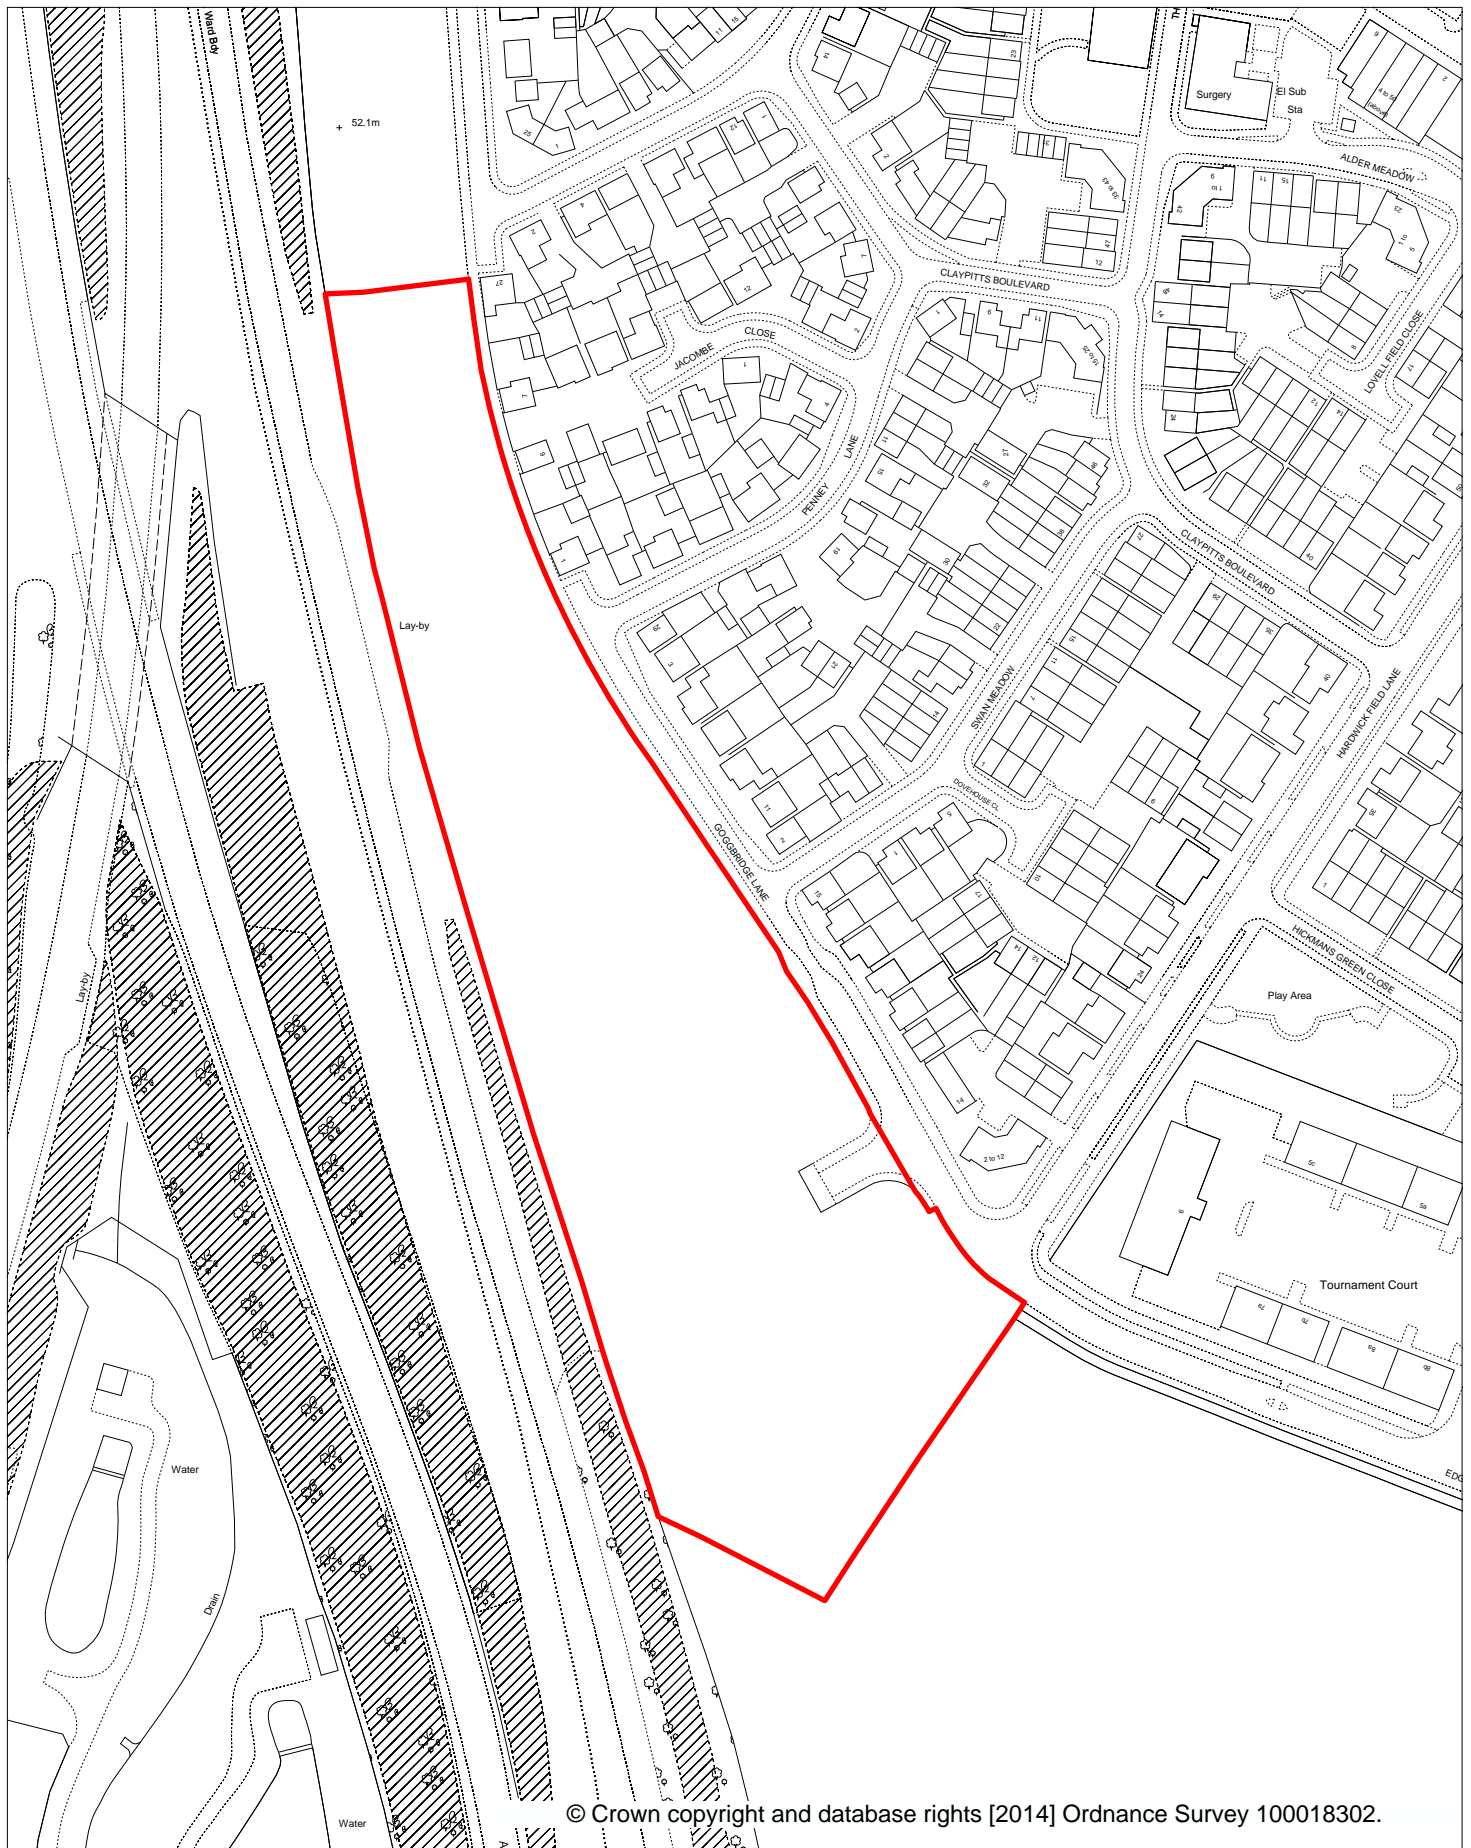

North:

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.  
Telephone: (01926) 450000. Facsimile: (01926) 456542.

<b>Site Ref</b>	W36	<b>Site Name</b>	Land at Goggbrook Lane
<b>Site Size (Hectares)</b>	2.34	<b>Settlement</b>	Warwick
<b>Source</b>	Omission Site	<b>Land Type</b>	Greenfield Land
<b>Adjacent/Overlapping Site</b>			

Suitability for Housing						
Location	On the edge of Warwick. The site borders the development area of South West Warwick (Chase Meadow)					
Policy Restrictions	None					
Physical Constraints	Noise from A46. South western part of site within Flood Zones 2, 3 and, 3a and 3b although recent works to Gogg Brook may have addressed these issues.					
Potential Impacts						
Environmental Conditions	Not satisfactory. The site promoter has prepared a Noise Assessment report but this is not considered to have satisfactorily demonstrated that noise can be mitigated across the site mainly due to elevated position of the highway and long narrow shape of site. Evidence of of sewage spreading in past so contaminated land assessment would be required. Air quality also a problem.					
Overall Suitability	Not suitable – proximity to source of noise					
Availability						
Landowner has expressed a willingness to release the site for development						
Achievability						
Housing Capacity						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph	
Timeframe (in terms of practicality only)	2014/19		2019/24		2024/29	

## W36 Land at Goggbridge Lane

### LOCATION PLAN

Scale:  
1:2000

Drawn By:

Date:  
04 March 2014

Grid Reference:  
426627 E, 263259 N

North:

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.  
Telephone: (01926) 450000. Facsimile: (01926) 456542.

<b>Site Ref</b>	W37	<b>Site Name</b>	Land West of Warwick Racecourse
<b>Site Size (Hectares)</b>	17.91	<b>Settlement</b>	Warwick
<b>Source</b>	Omission Site	<b>Land Type</b>	Greenfield
<b>Adjacent/ Overlapping Site</b>			

Suitability for Housing						
Location	Partly adjacent to the built up area of Warwick					
Policy Restrictions	None					
Physical Constraints	The majority of the site falls within Flood Zones 2, 3 and 3a. Access could only be provided if third party land to the south were included. Noise from A46 which is level with, or above, the site. Two public footpaths traverse the site east/west and the Gog Brook traverses the eastern edge of the site					
Potential Impacts	Landscape Study 2014 identifies landscape and visual impacts to the setting of the racecourse and views from Warwick					
Environmental Conditions	Not satisfactory. Site subject to flood and noise from A46 and railway. Saltisford to north is an Air Quality Management Area – potential impact of increased traffic on this AQMA.					
Overall Suitability	Not suitable – large part of area liable to flood and access not possible without inclusion of land to south					
Availability						
Landowner has indicated willingness to release the site for development						
Achievability						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing		Other Uses			
Potential Capacity	30dph		40dph		50dph	
Timeframe (in terms of practicality only)	2014/19		2019/24		2024/29

## W37 Land West of Warwick Race Course

### LOCATION PLAN

Scale:  
1:3250

Drawn By:

Date:  
04 March 2014

Grid Reference:  
426868 E, 265042 N

North:

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.  
Telephone: (01926) 450000. Facsimile: (01926) 456542.

<b>Site Ref</b>	W38	<b>Site Name</b>	Land at Stratford Road
<b>Site Size (Hectares)</b>	3.16	<b>Settlement</b>	Warwick
<b>Source</b>	Omission Site	<b>Land Type</b>	Greenfield
<b>Adjacent/ Overlapping Site</b>	W12 Home Farm, Longbridge		

Suitability for Housing						
Location	Adjacent to built up area of Longbridge					
Policy Restrictions						
Physical Constraints	Majority of site to south and east within Flood Zones 3, 3a and 3b Access directly onto Stratford Road difficult due to visibility constraints.					
Potential Impacts	Proximity to grade II Listed Building The Old House on the opposite side of Stratford Road					
Environmental Conditions	Noise and air pollution from M40 and Longbridge roundabout. Noise from sewage/ water plants to north and east					
Overall Suitability	Potentially suitable in small part to west, outside of flood zone within a “rounded off” development site adjacent to Stratford Road/ Old Road and subject to satisfactory access, mitigation against noise from M40 to south and satisfactory Air Quality Assessment					
Availability						
The landowner has expressed willingness to release the site for development						
Achievability						
Potentially achievable in small part (0.3 hectare) subject to satisfactory access, air quality and demonstration that noise can be mitigated through appropriate site layout						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing	100%	Other Uses			
Potential Capacity	30dph	9	40dph	12	50dph	15
Timeframe (in terms of practicality only)	2014/19	10	2019/24	0	2024/29	0

<b>Site Ref</b>	W39	<b>Site Name</b>	Confidential Site
<b>Site Size (Hectares)</b>	0.73	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 2014	<b>Land Type</b>	Previously-developed Land
<b>Adjacent/ Overlapping Site</b>			

Suitability for Housing						
Location	Warwick Town Centre					
Policy Restrictions						
Physical Constraints	Site includes a number of Grade II Listed Buildings. Access onto narrow one way street					
Potential Impacts	Site within Warwick Conservation Area. A number of Listed Buildings on the opposite side of the road					
Environmental Conditions	Air Quality Management Areas on adjacent roads Residential use may lead to an improvement due to loss of existing heavy flows of traffic					
Overall Suitability	Potentially suitable for a mix of sensitively designed new build and conversions schemes subject to ability to achieve appropriate access					
Availability						
Not currently available but current user is exploring possibility of relocating to an alternative site						
Achievability						
Potentially achievable in the longer term subject to owner acquiring alternative site for relocation						
Housing Capacity (assuming developed alongside adjoining site)						
Development Mix	Housing	100%	Other Uses			
Potential Capacity	30dph	22	40dph	29	50dph	37
Timeframe (in terms of practicality only)	2014/19	0	2019/24	0	2024/29	25

<b>Site Ref</b>	W40	<b>Site Name</b>	Former MPS Premises, Lock Lane
<b>Site Size (Hectares)</b>	0.40	<b>Settlement</b>	Warwick
<b>Source</b>	SHLAA 2014	<b>Land Type</b>	Previously-developed Land
<b>Adjacent/Overlapping Site</b>			

Suitability for Housing						
Location	Within the existing built-up area of Warwick					
Policy Restrictions						
Physical Constraints	Proximity to other employment uses on Lock Lane, Lower Cape and Millers Road Existing employment unit on site Poor foul sewer infrastructure in the area					
Potential Impacts	Grand Union Canal Potential Local Wildlife Site adjacent to northern boundary of site Loss of employment land. Potential for enhancement of canal side					
Environmental Conditions	Cleared site to south and west, with permission for housing to west and employment units to south. Potential noise from existing employment uses in locality					
Overall Suitability	Potentially suitable, as part of comprehensive scheme with housing to west, subject to satisfactory noise and flood assessments.					
Availability						
. Not currently available but owner has expressed interest in re-locating to new premises						
Achievability						
Potentially achievable subject to relocation of business and viability of development						
Housing Capacity						
Development Mix	Housing	100%	Other Uses			
Potential Capacity	30dph	12	40dph	16	50dph	20
Timeframe (in terms of practicality only)	2014/19	0	2019/24	20	2024/29	0
