

Strategic Housing Land Availability Assessment

Site Assessments: Rural Areas

May 2014

Site Ref	R01	Site Name	The Valley
Site Size (Hectares)	0.14	Settlement	Radford Semele
Source	SHLAA 08	Land Type	Previously developed
Adjacent/ Overlapping Site		R03 Tinkers Close	

Suitability for Housing	
Location	Edge of village. Radford Semele has a range of services including a primary school, shop, community facilities and public transport to the towns.
Policy Restrictions	
Physical Constraints	The Valley is a narrow lane and is only capable of supporting limited additional road traffic. Planning history has highlighted flood issues
Potential Impacts	Development of the site could worsen flooding along The Valley and lead to an inappropriate linear extension of the village.
Environmental Conditions	Flood issues
Overall Suitability	Not suitable
Availability	
The site is currently available.	
Achievability	
Housing Capacity	

R01 The Valley, Radford Semele

Site Ref	R02	Site Name	Hill Farm
Site Size (Hectares)	18.54	Settlement	Bishop's Tachbrook
Source	SHLAA 08	Land Type	Greenfield
Adjacent/ Overlapping Site	R11 South of School		

Suitability for Housing	
Location	Edge of village & extending beyond. Bishop's Tachbrook has a range of services including a primary school, shops, community facilities and a bus service.
Policy Restrictions	Open countryside
Physical Constraints	Access arrangements potentially only adequate for reduced site size. National Grid high pressure gas pipeline runs through southern part of site. Minerals Consultation Area
Potential Impacts	Impact on physical form of village – disproportionate outward extension to south. Area of high/medium landscape sensitivity (2013 Assessment)
Environmental Conditions	Satisfactory
Overall Suitability	Small proportion of northern part of site potentially suitable subject to National Grid consultation; access; and suitable master plan in place
Availability	
Owner has expressed willingness to release land for development	
Achievability	
Site being actively promoted by a house builder	
Housing Capacity	
Potentially up to 150 over the plan period (2014 – 2029) and with suitable master plan in place

Site Ref	R03	Site Name	Tinkers Close
Site Size (Hectares)	0.73	Settlement	Radford Semele
Source	SHLAA 08	Land Type	Previously developed
Adjacent/ Overlapping Site	R01 The Valley		

Suitability for Housing	
Location	Edge of Village. Radford Semele has a range of services including primary school, shop, community facilities and public transport to the towns.
Policy Restrictions	
Physical Constraints	The Valley is a narrow lane and is only capable of supporting limited additional road traffic. Planning history in relation to adjacent site (R01) has highlighted flood issues Eastern part of site is within Gas Pipeline Consultation Zone
Potential Impacts	Development of the site could exacerbate flooding along The Valley and lead to an inappropriate linear extension of the village. The Valley SINC to south west of site
Environmental Conditions	Flooding issues & inadequate service road
Overall Suitability	Not suitable
Availability	
Owner has expressed willingness to release site for development if adjoining field at Leigh Fosse is released.	
Achievability	
Housing Capacity	

R03 Tinkers Close, Radford Semele

Site Ref	R04	Site Name	Land adjacent to The Meadow House
Site Size (Hectares)	0.11	Settlement	Lapworth
Source	SHLAA 08	Land Type	Previously developed
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Edge of Village. Lapworth / Kingswood have a range of services including a primary school, shop, community facilities and public transport to the towns.
Policy Restrictions	Green Belt
Physical Constraints	Although not in a Flood Zone, the area is liable to flood from surface water drainage
Potential Impacts	Neighbouring Kingswood Farm is a (Grade II) Listed Building Impact on Lapworth Conservation Area Development of this site would have an adverse impact on surface water drainage in the locality
Environmental Conditions	Site liable to flood
Overall Suitability	Not suitable
Availability	
Within 2 years	
Achievability	
Housing Capacity

Site Ref	R06	Site Name	Land South of Baddesley Clinton
Site Size (Hectares)	3.49	Settlement	Baddesley Clinton
Source	SHLAA 08	Land Type	Greenfield
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Edge of Village. Baddesley Clinton has a very limited range of facilities.
Policy Restrictions	Green Belt
Physical Constraints	Landfill site on south easterly edge of site – land remediation may be required Access point on bend in the road – visibility may be an issue.
Potential Impacts	Impact on physical form of village – disproportionate outward extension to south east. Impact on openness of Green Belt.
Environmental Conditions	Satisfactory
Overall Suitability	Potentially suitable in part for rural affordable housing subject to evidence of local housing need and satisfactory access.
Availability	
Owner has expressed willingness to bring forward the site for development	
Achievability	
Dependent upon ability to achieve a satisfactory access, evidence of housing need and the willingness of the owner to release part of the site for affordable housing	
Housing Capacity	
Potential for a small rural exception scheme adjacent to the village circa 5 homes.

Site Ref	R15	Site Name	Land West of Wellesbourne Road
Site Size (Hectares)	0.17	Settlement	Barford
Source	SHLAA 08	Land Type	Previously developed land
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Within built up area of village. Barford has a range of facilities including primary school, community shop, other community facilities and access by public transport to the towns.
Policy Restrictions	Green Belt
Physical Constraints	Site requires clearance Probable contamination (former use was garage) Configuration of site slightly awkward
Potential Impacts	Site is located near residential properties and an appropriate level of screening will be required
Environmental Conditions	Potential contaminated land issues associated with current and previous uses
Overall Suitability	Potentially suitable for small scale scheme in similar character to nearby dwellings
Availability	
The site is currently occupied by a car sales business, but the promoter suggests that the site could come available within 2 years	
Achievability	
Potentially achievable subject to resolving business relocation and addressing any site remediation issues	
Housing Capacity	
Potential for 5 dwellings in 2014/2019

Site Ref	R16	Site Name	Sherbourne Nursery
Site Size (Hectares)	2.59	Settlement	Barford
Source	SHLAA 08	Land Type	Greenfield
Adjacent/ Overlapping Site	R30 Land south of Westham Lane; R55 West of Mill Lane; R85 Land to south of Westham Lane		

Suitability for Housing	
Location	Edge of Village. Barford has a range of services and facilities including primary school, community shop, other community facilities and access by public transport to the towns.
Policy Restrictions	Potentially suitable in part subject to suitable access and overcoming concerns regarding impact on the Conservation Area
Physical Constraints	Access only possible onto Wellesbourne Road which would require demolition of buildings in the Conservation Area. Local drainage and sewage infrastructure may also need to be enhanced. Proximity of by-pass to western edge of site. Potential contamination
Potential Impacts	Potential impacts on Barford Conservation Area
Environmental Conditions	Western part of site subject to noise from by-pass. Potential contamination on site
Overall Suitability	Potentially suitable in part subject to suitable access and overcoming potential impact on the Conservation Area
Availability	
Owner has expressed interest in releasing the site. Nursery no longer operational	
Achievability	
Dependent upon ability to secure suitable access and impact on Conservation Area.	
Housing Capacity	
Potential capacity for 60 dwellings 2014 -2019

Site Ref	R48	Site Name	West of School Hill
Site Size (Hectares)	0.26	Settlement	Offchurch
Source	SHLAA 08	Land Type	Greenfield
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Within existing built up area of a village. Offchurch has a limited range of facilities and public transport to the towns.
Policy Restrictions	Green Belt
Physical Constraints	Site slopes steeply down towards north east
Potential Impacts	Site lies within the Offchurch Conservation Area Impact on setting of nearby Grade II Listed Buildings – the Retreat House and St Gregory's Church
Environmental Conditions	Satisfactory
Overall Suitability	Potentially suitable in part for development fronting School Hill either for affordable housing subject to evidence of local housing need or for general scheme subject to alteration of Green Belt boundary and, in either case, subject to the ability to overcome constraints and impacts
Availability	
Within 1 year	
Achievability	
Subject to ability to overcome constraints and potential impacts	
Housing Capacity	
Potential for small scheme fronting School Road only, subject to alteration of Green Belt boundary, or for a small affordable housing scheme subject to evidence of local need

Site Ref	R52	Site Name	New House Farm
Site Size (Hectares)	78.97	Settlement	Bishop's Tachbrook
Source	SHLAA 08	Land Type	Greenfield
Adjacent/ Overlapping Site	R12 Land north of Croft Close, Bishop's Tachbrook; R19 Land at Brickyard Farm; W03 Heathcote Sewage Works; W07 Lower Heathcote Farm plus adjoining land		

Suitability for Housing	
Location	South eastern part of the site close to Bishop's Tachbrook. The village has a range of facilities and public transport to the towns. Site mainly in open countryside, detached from any built up areas.
Policy Restrictions	Open countryside
Physical Constraints	Site does not relate well to an existing built up area. Potential access points would be in open countryside, well away from a settlement Potential contamination from landfill at New House Farm and from disused sewage works to north Flood Risk Zones 2, 3A & 3B along brook on northern perimeter of site
Potential Impacts	Coalescence of Bishop's Tachbrook and Warwick/Leamington Spa Site slopes upwards away from Warwick Leamington and would be highly visible from the existing edge of the urban area Impact on setting of Grade II Listed barn at New House farm
Environmental Conditions	Satisfactory
Overall Suitability	Not suitable

Site Ref	R66	Site Name	Land fronting Old Warwick Road
Site Size (Hectares)	0.19	Settlement	Lapworth
Source	SHLAA 11	Land Type	Previously developed
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Within the village of Lapworth which has a range of services including a primary school, shop, community facilities and public transport to the towns.
Policy Restrictions	Green Belt
Physical Constraints	Culverted watercourse traverses the garage site and this presents problems for the flow of water from the watercourse into the nearby brook.
Potential Impacts	Potential impact of worsening the existing drainage in the locality If whole site is redeveloped, there would be the impact on level of services in the village through loss of shops.
Environmental Conditions	Potentially satisfactory subject to resolution of flooding issues.
Overall Suitability	Potentially suitable provided that drainage/ water attenuation problems can be resolved
Availability	
Owner has expressed an interest in releasing the site for development	
Achievability	
Unlikely to be achievable. The cost of works to the culvert to resolve flooding issues are likely to impact on the viability of a redevelopment scheme.	
Housing Capacity

Site Ref	R67	Site Name	Land fronting Southam Road
Site Size (Hectares)	3.38	Settlement	Radford Semele
Source	SHLAA 11	Land Type	Greenfield
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Edge of a village. Radford Semele has a good range of services and facilities
Policy Restrictions	
Physical Constraints	Location of potential site access unable to achieve satisfactory visibility splays. Eastern part of site within gas pipeline Consultation Zone
Potential Impacts	Development of this site would lead to an inappropriate eastern protrusion into open countryside with loss of hedgerows. Within area of high landscape sensitivity to the east and area of high/medium landscape sensitivity to the west (2013 Assessment)
Environmental Conditions	Satisfactory in part – western side
Overall Suitability	Western part of site is potentially suitable
Availability	
Owner has expressed an interest in releasing the site for development	
Achievability	
Potentially achievable subject to consultations re: gas pipeline and satisfactory access	
Housing Capacity	
Potentially up to 50 dwellings

Site Ref	R68	Site Name	Sunnyside, Valley Road
Site Size (Hectares)	2.23	Settlement	Radford Semele
Source	SHLAA 11	Land Type	Greenfield & previously developed
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Edge of a village. Radford Semele has a good range of facilities and access to the towns by public transport
Policy Restrictions	Green Belt
Physical Constraints	Northern part of site subject to flooding. Access from Valley Road potentially suitable subject to alleviation of flooding issues. However access via Lewis Road is difficult due to on-street parking which reduces it to a single carriageway. No scope for emergency access.
Potential Impacts	Development of this site would lead to an inappropriate southern extension into open countryside. Area of high landscape sensitivity (2013 Assessment)
Environmental Conditions	Northern section is subject to flooding and southern section would be divorced from existing built up area of the village
Overall Suitability	Not suitable. Northern section of site not suitable due to poor drainage. Southern section alone would be divorced from built up area of village. Hence not suitable as a small site to meet local needs only.
Availability	
Owner has expressed an interest in releasing the site for development	
Achievability

Development Services: P.O. Box 2178, Riverside House, Milverton Hill, Royal Leamington Spa. CV32 5QH.
Telephone: (01926) 450000. Facsimile: (01926) 456542.

Site Ref	R69	Site Name	South of Elmdene Close
Site Size (Hectares)	1.25	Settlement	Hatton Station
Source	SHLAA 11	Land Type	Greenfield
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Edge of a village. Hatton Station only a railway station.
Policy Restrictions	Green Belt
Physical Constraints	South western part of site within Flood Zones 2, 3A and 3B. Watercourse runs along south eastern boundary. Linear configuration of site, at right angle to Station Road, would lead to an inappropriate layout in relation to adjoining area. Little scope of gaining suitable access due to third party land constraining visibility.
Potential Impacts	None
Environmental Conditions	South western section, fronting Station Road, is subject to flooding. Noise from M40.
Overall Suitability	Not suitable due to access, configuration of site and flooding
Availability	
Owner has expressed an interest in releasing the site for development	
Achievability	
Housing Capacity

Site Ref	R70	Site Name	North of Hatton Station
Site Size (Hectares)	2.06	Settlement	Hatton Station
Source	SHLAA 11	Land Type	Greenfield
Adjacent/ Overlapping Site			

Suitability for Housing	
Location	Edge of a village. Hatton Station has only a railway station.
Policy Restrictions	Green Belt
Physical Constraints	Access visibility is constrained by national speed limit on Station Road. Acceptable access could only be achieved with reduced speed limit.
Potential Impacts	Potential SINC on adjoining land to east and south Grade II Listed Building at Station House
Environmental Conditions	Generally satisfactory subject to noise mitigation from railway.
Overall Suitability	Potentially suitable in small part only subject to reduced speed limit. Also dependent upon alteration of Green Belt boundary or evidence of local affordable housing need for a rural exception scheme
Availability	
Owner has expressed an interest in releasing the site for development	
Achievability	
Subject to alteration of Green Belt boundary or evidence of local need for affordable housing; and reduced speed limit. Access constraints could reduce viability.	
Housing Capacity	
Capacity would be dependent upon Green Belt alteration or local need for affordable housing
