Dear Sir or Madam

**Renewal application for a hackney carriage/private hire driver's licence**

This letter provides you with all the information you will need to complete the application process for the above licence.

You have chosen the application pack for applicants that are required to submit an annual medical certificate. If you are over 65 or have any medical conditions i.e. Diabetes that require you to submit annual medical certificates there is an additional administration charge per application. If you do not require an annual medical certificate please download the correct form with the appropriate fee information.

Before you begin please read the following points carefully as they will have an impact on the progress and outcome of your application.

- You must complete an on-line Disclosure and Barring Service (DBS) application or international equivalent if you have not been a resident of the UK for 5 years prior to the date of application. An overseas police check is required (translated in to English) for the dates that you were resident outside of the UK.
- If your renewal form and supporting documents including payment are not submitted by the Driver's Licence expiry date then your Hackney Carriage /Private Hire Driver's Licence will NOT be renewed and you will have to apply for a new Hackney Carriage/Private Hire Driver's Licence.
- The application form requires you to declare, amongst other things, all of your previous convictions and cautions, *not just motoring offences*, **whether spent or not**. These may be taken into account, even if they were committed some time ago.

**It is an offence to make a false declaration on the application form.**

Below is a brief outline of the costs and timescales involved in applying to this authority, together with an explanation of the processing steps. After you have read all the relevant information, and you wish to continue with your renewal application, please complete all of the forms (paper and on-line) email, together with your receipts for on-line payments to [licensing@warwickdc.gov.uk](mailto:licensing@warwickdc.gov.uk)

For your application to be valid it must include:

- A completed and signed application form.
- Your completed and submitted on-line Disclosure and Barring Service (DBS) application reference number and receipt. (You must also have emailed Licensing your three forms of ID documents in order for us to be able to complete the DBS process for you)
- A completed, stamped and signed Medical Certificate (dated no more than 4 weeks before submitting the application).
- A photograph of yourself (no more than 4 weeks old) This can be taken on a phone.
- Online Payment Receipts for the correct fees (Application and DBS).
- Your DVLA 'Check Code'.
- Your HMRC Tax 'Check Code'

**If all of the documents listed above are not received within 8 weeks of the start of your application, your application will be considered to have failed. This includes the DBS online application but excludes your DBS certificate.**

As you have identified yourself as requiring annual medical certificates, you will need to ensure that you select the correct payment link on the Warwick District Council website for a Renewing Driver (with medicals).

**For the current costs involved in the application, please refer to your renewal letter or see the payment link '*Online payment – renewing driver (with medicals)*' on Warwick District Council's website.**

You will also need to pay, directly to the service provider, for the Medical evaluation and certificate.

For current fee information you should contact the service provider directly. The attached guidance notes contain contact information for all Warwick District Council approved suppliers.

**The time involved in the application:**

- It is unlikely that the process will be complete in under 6 weeks due to the required checks and tests necessary. This may increase if you are required to attend a hearing if you have previous convictions or cautions.
- Any outstanding application documents not received within 8 weeks of the initial application date will be considered to have failed.

Yours sincerely,

**Lorna Hudson**  
Environmental Health and Licensing Manager

# MEDICAL CERTIFICATE FOR HACKNEY CARRIAGE AND PRIVATE HIRE DRIVERS

Name of driver .....

Date of birth .....

- The applicant meets the DVLA group 2 medical standard of fitness and is therefore fit to drive hackney carriage/private hire vehicles.
- The applicant does not meet the DVLA group 2 medical standard of fitness and is therefore not fit to drive hackney carriage/private hire vehicles.
- I have found a matter of relevance but I recommend that you do not revoke a current licence for the time being but that you note the following recommendations regarding further medical evidence:
  - You should require the driver to produce, within six weeks, a written statement from his doctor stating that **his blood pressure (on medical treatment if necessary) is not consistently above 180/100.**
  - You should require the driver to produce, within two weeks, a written statement from an optometrist stating that **his visual acuity, with glasses if necessary, is at least 6/7.5 in the better eye and 6/60 in the worse eye, using corrective lenses if necessary, and that any necessary spectacle lenses do not have a strength of greater than +8 dioptries.**

### Notes for the examining doctor:

**Taxi and private hire drivers must achieve the same medical standard as DVLA group 2 (*Medical Aspects of Fitness to Drive*, The Medical Commission on Accident Prevention 1995; and *Fitness to Drive, A Guide for Health Professionals*, Tim Carter, Chief Medical Advisor to the Department for Transport, 2006)**

If the applicant is applying for a new licence, the required medical standard must be met before the person can be certified as fit. If an applicant is renewing an existing licence, and the problem which is identified is not of immediate medical concern, such as blood pressure marginally above the DVLA group 2 level or visual acuities marginally worse than the DVLA group 2 level, the candidate should be considered to be a "provisionally fit" and allowed to hold a licence with appropriate instructions to the licensing authority as indicated above.

An applicant using insulin for diabetes must produce both a declaration from a diabetes consultant and a declaration signed by himself, confirming a satisfactory level of control and monitoring as specified in the accompanying form "*Medical statement for drivers with diabetes using insulin*". He should not be considered fit to hold a licence until this is done.

An applicant taking sulphonylureas or glinides must produce both a declaration from a doctor and from himself confirming a satisfactory level of control and monitoring as specified in the accompanying form "*Medical statement for drivers with tablets-controlled diabetes*" but may be allowed a period of grace to obtain this evidence. Blood testing must be done every 2 hours whilst driving.

A person who has a history of established ischaemic heart disease including a heart attack, angina, or insertion of a stent at any time in the past, whether recent or distant, must have three yearly exercise treadmill tests or another equivalent functional test and be able to demonstrate a satisfactory standard equivalent to DVLA group 2 standard.

### Important information about Consent

On occasion, as part of the investigation into your fitness to drive, the Council may require you to undergo a medical examination or some form of practical assessment. In these circumstances, those personnel involved will require your background medical details to undertake an appropriate and adequate assessment. Such personnel might include doctors, orthoptists at eye clinics or paramedical staff at a driving assessment centre. Only information relevant to the assessment of your fitness to drive will be released. I now authorise the doctor carrying out this assessment to inform the Council of my fitness to drive and to release medical information only to the extent which it is necessary for the Council to make decisions on my fitness and safety to work. I am aware that I can request sight of a report either before or after it is sent.

### Consent and Declaration

I authorise the Council to disclose such relevant medical information as may be necessary to the investigation of my fitness to drive, to doctors, paramedical staff and to release to my doctor(s) details of the outcome of my case and any relevant medical information.

I declare that I have checked the details I have given on the enclosed questionnaire and that, to the best of my knowledge and belief, they are correct.

## IMPORTANT INFORMATION ABOUT YOUR DRIVING LICENCE DVLA LICENCE CHECKS.

Since 8<sup>th</sup> June 2015 the green paper counterpart of your DVLA driving licence is obsolete. However, we still need to check your entitlement to drive and if you have any motoring convictions. This is done by you applying online for a check code which enables us to look at your driving record. There is no charge for this service. **The 'check code' will be valid for 21 days** and shows us what vehicles you can drive and any penalty points or disqualifications you have had.

It's easy to apply for this code, you need your Driving Licence Number, National Insurance Number and your Postcode. See below for instructions on how to do this.

- 1 You need to go to the DVLA web page. [www.gov.uk/view-driving-licence](http://www.gov.uk/view-driving-licence) The page is titled View or share your driving licence information.
- 2 Click the green **START NOW** button towards the bottom of the page. This opens up a new page. You enter your driving licence number, National Insurance number and postcode in the boxes.
- 3 Tick the "**I agree**" box then press the green VIEW NOW button. Your driving licence details will then be displayed.
- 4 You will see a heading **SHARE YOUR LICENCE INFORMATION**, click on this. This opens up a new page.
- 5 Scroll down and click the green **GET A CODE** box and a check code will be generated. Either print this off, take a screen shot, take a picture or write it down, it is case sensitive so make sure you copy it down correctly. Please then email the code to us.

## HOW TO COMPLETE A HMRC TAX CHECK FOR LICENSED DRIVERS AND OPERATORS

From April 2022 you must complete an online tax check if you are applying to renew your licence.

A tax check confirms that you're registered for tax, if necessary.

After you complete the tax check you'll be given a code. You must give it to the licensing authority with your licence application – they will not be able to process your application without it.

Tax check codes expire after 120 days, so if you make a licence application for another licence after that time you'll need to carry out a new licence check for it.

To carry out a tax check, you need a Government Gateway user ID and password. If you do not have a user ID, you can create one when you start the check.

You'll also need to know:

- When you first got your licence
- The length of your most recent licence
- How you pay tax on the income you earn from your licensed trade.

Please follow the link to undertake a tax check:

[Changes for taxi, private hire or scrap metal licence applications from April 2022 - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/news/changes-for-taxi-private-hire-or-scrap-metal-licence-applications-from-april-2022)

**Your licensing body will only receive confirmation from HMRC that you've completed the tax check, they will not have access to information about your tax affairs.**
