

Barton Willmore – Matter 7D Submission – Hatton Hill Position Update

From: Max Whitehead Sent: 21 November 2016 15:35 To: Mark Sitch Subject: Hatton Hill

Dear Mark

I refer to our recent discussions regarding the site at Hatton Hill.

I can confirm that Bloor Homes would be very interested in bringing development forward on this site should it be included as an allocation in the Warwick Local Plan.

Demand for new housing is very strong in this location and as such it can be said with confidence that a policy compliant residential development scheme with all of the additional benefits as identified in our representations from 2014 could be delivered here.

I trust this information is helpful.

Kind regards

Max
