

Kenilworth Neighbourhood Plan (Submission Plan Dated March 2018)

Response 4 by KTC to queries raised at Examination – July 2018

Here are further responses to matters raised in your email of 19 July 18

Policy KP20: Local Green Space

We note that you are minded to accept the designation of the area subject to the submission of the detailed justification in accordance with the NPPF and with the exception of Kenilworth Castle and Gardens.

We attach the required justification as Appendix B to the Submission version of the Plan. Please note that the map in this version is a quick mock-up and needs to be modified by removing the Castle from the designated area and generally improving for clarity.

In addition we suggest the following modifications in the body of the Plan:

Policy KP20 Local Green Space

Delete “the Castle” and add “Oddibourne Allotments” between “Abbey Fields” and “Kenilworth Common”.

Paragraph 5.84

Delete “the Castle” and add “Oddibourne Allotments” between “Abbey Fields” and “Kenilworth Common”.

Delete “A separate report in the evidence base” and substitute “Appendix B”

Policy Maps 5.1 and 5.2 to be modified to exclude the Castle from Policy KP20.
