Warwick District Council operates a Rural and Urban Capital Improvement Scheme which gives grants towards capital projects to not-for-profit organisations within Warwick District which make use of volunteer labour.

What is Capital?

Capital can be defined as "funds used by an organisation to purchase or upgrade physical assets such as property or equipment".

This type of outlay is made by organisations to maintain or increase the service and / or facilities available.

Examples of capital expenditure that we can fund include:

- Repairing buildings, for example; a roof or ceiling
- Energy efficiency and renewable energy technology, for example; insulation, LED lighting, solar panels, heat pumps, boilers
- Construction of a new building
- Resurfacing facilities, for example; car parks, drive ways, tennis courts
- New kitchen or toilet facilities
- Purchase of play equipment
- Purchase of machinery such as a tractor for mowing

Types of organisations that we have helped so far....

- Village halls
- Sports clubs
- Parish / Town Councils

- The project has already taken place or started before a grant is awarded
- The organisation has reserves to fund the project themselves; unrestricted cash reserves / savings that total more than 12 months operating expenditure costs (i.e. basic fixed costs to ensure the organisation can exist for a further 12 month period should there be no income)
- There is no insurance cover, or there is an insufficient level of cover, for the capital asset that the project is connected to
- The organisation and / or project are not deemed sustainable for a minimum 5 year period, for example;
  - Income streams with a set time period of less than 5 years that are relied upon to meet annual expenditure costs without which there is potential risk of the organisation or the project being unable to continue to operate
  - Annual expenditure is higher than income resulting in operational losses
  - Leasehold premises with less than 5 years lease remaining
  - Risks of leasehold premises / land being sold

  - Non-payment or continual late payment of Warwick District Council invoices / debts

Please note:

- Individual organisations (e.g. Village Halls, Parish Councils, Sports Clubs, Voluntary Organisations) - Grants will only be awarded once in a 2 year period.
Multi-sport organisations that are legally one entity but with separate sports activities that are operated and managed independently on a day-to-day basis with separate memberships, committees, volunteers, constitutions and bank accounts;

- Each individual sport organisation can apply for a grant in their own right for a project that is connected to their sport / facilities only. Grants will only be awarded once in a 2 year period.

- If the project is for a shared facility, for example, a clubhouse used by each organisation; providing one of the individual sports organisations has not had a grant within the last 2 years and are prepared to be the applicant, a grant may be awarded. Grants will only be awarded once in a 2 year period.

In all the above; if an organisation is successful with a grant application in 2016 they will not be able to apply again until 2018 after the 2 year anniversary of the previous award.

Grant Conditions

The following conditions apply to all grant applications and awards made:

- Three separate written quotations must be supplied for all aspects of work

- In considering the amount to grant award, regard shall be had to the applicant’s level of financial reserves and to what extent the organisation is able to provide funding to the scheme

- Proposals must be open to examination by the council’s officers and advisors, including the right to monitor works; the Council reserves the right to make site visits at the application stage pre-award, during works and once the project has been completed

- If funding is being sought from other District Council sources, the total funding from the District Council, whatever source, will not normally exceed:
  - Small Grant Scheme - 80% of the overall project costs (up to a maximum of £8,000)
  - Main Grant Scheme – 50% of the overall project costs (up to a maximum of £30,000)

- Payment of grants will be made directly to the organisation undertaking the project and not to a contractor

- Where the full amount of expenditure as detailed on the application form has not been met the amount of the grant will be reduced by a proportional amount

- The offer of a grant from the Council does not convey approval of technical, legal, financial or other matters relating to the project, which will remain the responsibility of the applicant. The council cannot accept liability for any misjudgements by applicants regarding the budgeting, design, technical standards or any other aspects
The award of a grant remains at the discretion of the Council regardless of whether or not an application meets the grants rules and conditions.

Loss in revenue from lettings or any additional costs incurred, for example, the cost of using alternative premises while grant aided works are being carried out, are not eligible for compensation from the Council. Applicants should plan their projects accordingly to minimise such problems.

Where grants are offered for premises projects, in return the Council reserves the right to use the premises for election purposes at an appropriate charge providing adequate notice is given.

The Council may require repayment of all or part of the grant if the asset created is disposed of or undergoes a significant change of use within 5 years of the project.

**Areas – Parish/Town Councils**

- Schemes do not need to be in the name of the Parish/Town Council but as noted within the criteria above they must support the scheme.

- Parish/Town Councils will be required to put a priority order on schemes when more than one is submitted for an individual parish/town.

- The local Parish/Town Council should normally contribute towards the cost of the project and may specifically need to allow for this within its budget and precept.

It should be noted that Parish/Town Councils will not be able to claim via the District Council’s Concurrent Services scheme for any contributions made towards a schemes annual running costs following completion of the works for which a Rural / Urban Capital Improvement Scheme grant has been awarded.

Your application will be acknowledged within 5 working days; we will contact you if any further information is required.

If your application does not meet the eligibility criteria or cannot be recommended for approval we will formally advise you of the decision and the reasons why.

If your application is recommended for approval, it will then be considered at the next available Executive Committee meeting where a final decision is made.

There is a 5 day call-in process once the Executive decisions are published on our website, once your application has passed through this process we will formally contact you to confirm the decision.

The Executive committee meeting dates are published on our website, www.warwickdc.gov.uk

**Important** - no expenditure can be incurred on the project before the formal confirmation of the approved award.

Payment of the grant is normally on production of receipted invoices at the end of the project. If this causes cash flow problems we may be able to make stage payments of the agreed % contribution to the overall project costs, again on production of receipted invoices.
