

### Local Plan allocations update – Q3 2020/21

The Local Plan allocated sites across the district for housing, employment, education, sports and leisure purposes. The following tables show a summary of the current status of each of these sites. In most cases, housing delivery numbers are as at the end of Q3 2020/21 (end of December 2020); however, Covid-19 restrictions mean that monitoring data is not available for all sites, in which case Q2 data is given. Planning decisions up to early February 2021 are also reflected here.
