Coffee#1

Café barrier system

Canvas screens

Double sided print up to 1.2m £85

In addition, cross beams can be ordered in pairs at a cost of £36.80

Tilt and Pull posts

Suitable for both internal and external use, the Tilt and Pull Café Barrier System is the perfect balance between easy mobility and a sturdy base. Corrosion resistant and SGS certified, our durable and innovative bases create an attractive clean finish with a low maintenance cost.

In addition to a beautiful brushed stainless steel finish, these 1000mm high, 15kg weighted posts have integrated rollers and rubber floor protectors. These are hugely beneficial for reducing potential damage to the equipment, reducing manual handling activities and saving your company valuable time.

£85 (per post)
