Dear Mr McCormack

Warwick District Net Zero Carbon DPD – Main Modifications

Section 20(7C) of the Planning and Compulsory Purchase Act 2004 allows local planning authorities to formally ask an Inspector carrying out an examination of a Development Plan Document to recommend modifications to the document.

This letter constitutes the formal request by Warwick District Council, that should it be necessary in order to address soundness and satisfy the requirements in Section 20(5) of the Planning and Compulsory Purchase Act 2004, that the Inspector recommends modifications to the Warwick District Net Zero Carbon DPD currently being examined.

Yours sincerely,

Andrew Cornfoot
