

South Warwickshire Economic Development Strategy Consultation

Please refer to the Strategy document to complete this consultation. Please tick the appropriate box or answer in the space provided.

Page 20 - Our Vision and Our Mission

Our Vision

Our vision for South Warwickshire is that by 2028, Stratford-on-Avon and Warwick District Councils will have contributed to creating a larger, stronger, greener and more inclusive economy.

Our Mission

Both Stratford-on-Avon and Warwick District Councils have declared climate change emergencies and are committed as organisations to achieving net carbon neutrality by 2025. Aside from the positive environmental impacts of achieving carbon neutrality, mitigating and adapting to climate change will generate positive economic impacts and new opportunities for jobs and investment in new sectors, driving forward innovation in existing sectors and creating the cross-fertilisation of ideas. The Councils want to capture and capitalise on these opportunities and see South Warwickshire leading the way in decarbonising the local economy while promoting growth and social inclusion. Our mission, therefore is:

To foster the growth of the South Warwickshire economy sustainably and equitably. Working together, we will seek to achieve economic participation and prosperity for everyone in South Warwickshire. We will also lead the way and take smarter steps towards a greener future to meet our ambitions for a 55% reduction in South Warwickshire's carbon emissions by 2030.

Q1.	Do you agree with the <u>Vision and Mission statements</u> ? Yes If no, please make your comments below.
