

NEWBOLD COMYN MTB TRAILS

FOR YOUR OWN SAFETY:

CHOOSE YOUR TRAIL...

RIDE THE TRAILS THAT MATCH YOUR ABILITIES

NEWBOLD COMYN GREEN TRAILS

● Grade: Easy (green)

Relatively flat and wide. Includes flowing singletrack style sections. The trail surface may be loose, uneven or muddy at times. Climbs and descents are mostly shallow. No challenging features. Accessible to all cycling abilities.

NEWBOLD COMYN BLUE TRAILS

■ Grade: Moderate (blue)

Specially constructed surfaced flow trails. Trails will include rollers (bumps) and berms (banked turns). Most gradients are moderate but may include short steep sections.

NEWBOLD COMYN RED TRAILS

▲ Grade: Difficult (red)

Specially constructed surfaced flow trails with a high frequency of **unavoidable** features. Expect large berms, table-top jumps, hip jumps and step-downs. Steeper and more intense with variable gradients, includes narrower sections within the trees.

NO HELMET = NO RIDE

Off-road cycling is a hazardous activity carrying some inherent risks. Please consider your skills, abilities and fitness carefully, and always **make sure your bike and helmet are safe to use**. All handlebar ends must be capped before you ride.

PRE-RIDE BEFORE YOU FREERIDE!

Only tackle challenges if you are sure you can do them – **have a look first** and choose a trail that matches your abilities.

Although the trails are checked regularly, we are unable to guarantee that there will not be any obstructions or debris on the trails due to the nature of an open facility. Ride at your own risk.

Trails are designed to be **one-way**. Please follow the directional signs.

SHARE THE TRAIL

Watch out for other users and visitors and expect the unexpected on and off the trails. For your own and others' safety always follow warning signs and any advice you are given.

BE PREPARED

Aim to be self-sufficient whilst riding the trails. Ensure you carry appropriate equipment for the technical difficulty of the trail and know how to use it.

Phone 999 for emergency assistance if required.

Make sure you have WHAT THREE WORDS on your device in case of an emergency. WHAT THREE WORDS for this location: [///leave.safety.candle](http://leave.safety.candle)

HOW CYCLE TRAILS ARE GRADED

●	Green Easy Expect: Relatively flat, wide and smooth trails. May include gentle climbs, descents, rollers and berms, with easy to avoid features such as rocks and potholes. Surface might be loose, uneven or muddy at times.	■	Blue Moderate Expect: A mixture of climbs and descents with moderate gradients, technical features like tree roots and rock steps; jumps and berms. Rollable features at controlled speed. Variable surfaces.	▲	Red Difficult Expect: A mixture of steep climbs, descents and/or avoidable features. Larger jumps, berms and rollable features at controlled speed. Technical features such as tree roots, drop-offs and large rocks. Very variable surfaces.	◆	Black Severe Expect: Long and steep climbs, descents and jumps. Numerous hazards including drop-offs and severe features. Rapid rate of surface change. Commitment required.	◆◆	Double-black Extreme Expect: Very fast and steep descents. Large drop-offs, jumps and unavoidable obstacles that require high levels of skill and commitment. Extreme level of exposure or risk. Rapid rate of surface change.	□	Forest road & similar Expect: Gradients can be steep or variable. Surfaces may be uneven, loose or potholed. Navigation skills are useful (routes not always way marked). Look out for vehicles, forestry work and other visitors.
