For works valued at over £50,000 please contact us.

Fees exclude VAT, which should be added at the prevailing rate.

DEVELOPMENT

THE BUILDING (LOCAL AUTHORITY CHARGES) REGULATIONS 2010 - 01/11/2011 Charges

Notes:

1. **Due to frequent changes in VAT rate, all fees shown now exclude VAT.**
2. Full Plans applications require plans to be submitted for checking by a Building Control Officer. The plans are checked normally within 2 weeks. If items shown do not comply, the officer will write to the agent with a list of items needing attention. Plans may be approved, rejected or conditionally approved. The Building Control Officer will inspect the building on site.
3. Building Notices are only allowed for works to dwellings and are more suitable for smaller building projects. Plans are not required, but often are useful. Any plans submitted will not be checked for compliance. The Building Control Officer will inspect the building work on site. The Building Control Officer may request further paperwork from you, such as structural calculations and electrical certificates.
4. A Regularisation application is for work which has already taken place illegally without an application. The plans are usually checked within 2 weeks. If items shown on the plans do not comply, the officer will write to the agent with a list of items. Plans can only be approved once works comply on site. The Building Control Officer will inspect the building work and will probably ask for certain elements of the construction to be uncovered. The fees for a Regularisation application are calculated as for a Building Notice, then multiplied by 1.5, but do not add VAT.
5. For fee quotes regarding new houses with floor areas in excess of 300 m² please contact us.
6. For full plans applications the fees are split. The submission fee must be paid with the application. The inspection fee can also be paid at that time or can be invoiced once works have started. Please note that there is an additional charge of £25 per invoice.
7. Garages in excess of 60 m² should be calculated using table 3. Detached garages less than 30 m² are often exempt from Building Regulations. Please contact us if you are unsure.
8. Domestic extensions, loft conversions and basement conversions in excess of 60 m² should be calculated using table 3. There is a minimum fee of £470.
9. There is a 50% discount for Replacement Windows, Replacement Roof, Garage Conversion or Other Works up to £5,000 value if these works are applied for on the same application as a domestic extension, loft conversion or basement conversion.
10. The estimated cost should be in line with recommended RICS rates, not including VAT, decoration or fees.
11. Fees are exempt for certain works to provide access or essential facilities for disabled people. Confirmation of disability will be required.
12. Section 16 of the Building Act 1984 provides for the passing of plans subject to conditions. The conditions may require modifications to the submitted plans and may also require further plans to be deposited.
13. Floor areas should be measured internally.
